UNITED STATES AND BRITAIN AGREE UPON WAR CLAIMS

America to Share in Dawes Plan
Annuities; Occupation Cost
Payments to be Delayed

(BY CABLE AND ASSOCIATED PRESS)
PARIS, Jan. 7.—The Anglo-American differences over the settlement of the United States war damages and claims were finally settled on the first day of the conference of the Allied war ministers which met here today in an inaugural session lasting forty minutes.

The conference made concessions on the payment of the war damages in exchange of diplomatic and a private and important concession between James G. Thompson, Jr., the American representative, and Winston Spencer Churchill, British Chancellor of the Exchequer, harmonized the respective positions, which appeared to be at odds, if not irreconcilable, in the conference.

The United States, by conceding the payment of the war damages to the United States from twelve to twenty-five years obtained from the Dawes plan of annuities the right to delay the payment of the occupation cost of Belgium by one year.

The United States maintained the payment of the war damages to the United States from twelve to twenty-five years obtained from the Dawes plan of annuities the right to delay the payment of the occupation cost of Belgium by one year.

DR. KERR IS ARRESTED IN POISON CASE

Held as Federal Prisoner
on Suspicion; Details Are
Withheld by Officers

Dr. Franklin Kerr, 42 years of age, of Garden Grove, Orange county, was arrested last night at his office at Sixth street and Broadway and lodged in the City Jail as a Federal prisoner on suspicion of felony. Detective Lieutenant Lloyd and Postal Inspector C. D. Lowe made the arrest, but declined to give details of the charge.

Although loath to admit what developments had materialized during their investigation that led them to arrest Dr. Kerr, Detective Lloyd and Postal Inspector C. D. Lowe made the arrest, but declined to give details of the charge.

Dr. Kerr is the former husband of Dr. Lucia F. Kerr of Fillmore, who reportedly December 29, 1924, received by mail of a box of candy containing sufficient cyanide to kill several persons. The package appeared to have been mailed in Los Angeles. The two physicians were divorced about two years ago, Mrs. Kerr setting the decree.

The poison candy case was being investigated by Detective Lloyd and a postal inspector. Dr. Kerr said at that time that while he and Mrs. Kerr were living together at Fillmore, their lives were threatened on several occasions in anonymous letters and that he had received a package of medicine that had been tampered with.

It was learned last night that the police and Federal investigators hope soon to establish where the cyanide was purchased and who bought it.

NO DELAY IN PORT WORK

House Vote on
Bill Rushed

New Measure Not to Retard
Completion of Work on
Inner Harbor

(BY A. P. NIGHT WIRE)
WASHINGTON, Jan. 7.—The \$39,000,000 rivers and harbors authorization bill will come to a vote in the House next week, under a program agreed upon today by Republican leaders.

Decision to call up the bill was reached at a conference today of advocates of the measure and members of the steering committee, after the Rivers and Harbors Committee, at the request of administration leaders, had reduced by approximately \$13,000,000 the amount recommended last year, comparing the \$26,000,000 measure down to \$13,000,000. Chairman Dempsey of the Rivers and Harbors Committee, said no vital provisions had been omitted.

Other reductions were effected by omission of an item of \$2,000,000 for the Jamaica Bay project in New York and one of \$14,000 for the proposed deepening of the channel at Newport News, Va.

The exact day on which the bill will be called up depends on the speed with which the War Department supply measure and the McFadden banking bill are disposed of. If both are acted on by Thursday the rivers and harbors bill will be in order Tuesday.

Representative Linberger in a statement declared approval of the Los Angeles of the Harbor project, the city the "port of the Southwest." The acceptance of the project by the Harbor Committee, agreement by the Republican leaders to call up the bill, he asserted, places the Los Angeles project on a sure basis.

The harbor project, he added, was adopted as a whole, but with initial authorization for the breakwater limited to \$3,000,000, instead of \$7,000,000.

This, he pointed out, will permit completion of one-half of the project, but future authorization and appropriation must be secured. The basis of co-operation, he added, remained at "fifty-fifty" as in the original bill.

GOVERNOR BELABORS FOES OF ECONOMY PROGRAM

Richardson Strikes Straight From
Shoulder Against Politicians
in Message to Legislature

BY KYLE D. PALMER
"Times" Staff Correspondent
(EXCLUSIVE DISPATCH)

SACRAMENTO, Jan. 7.—The State Legislature having today heard the first biennial message of Gov. Richardson is digesting the intent and scope of the proposals and suggestions of the State's Chief Executive. However unwelcome the Governor's suggestions may be to some, there has been no difficulty in understanding his plain purpose. He practices economy to the point of frugality and proposes that the Legislature, either willingly or unwillingly shall join him in its vigorous and aggressive continuance.

Comments on the message depend upon the point of view and run the scale of "forcible," "able," "masterful" and "logical" to "brutal," "undignified" and "lacking in polish." All opinions are agreed that the Governor spoke without equivocation and to the point, mercilessly flaying "the political bosses and parasites" and reiterating his defiance and contempt for "the lies and fabrications of the yellow journals," which he charged repeatedly with responsibility for economic loss to California as a result of hysterical and false propaganda.

ECONOMY KEYNOTE
Gov. Richardson began and ended his message with the word, "economy." He asserted that his first biennial budget of 1925-26 saved the taxpayers of California more than \$12,000,000 from the biennial budget of 1924-25, a surplus of \$6,000,000 but has made possible greater efficiency in State administration.

He stressed again and again his determination to substitute business methods for political methods and either to make or to be made by the Legislature. "I have visualized myself," said the Governor, "as business manager of the State and not as a political boss distributing patronage to his followers."

In his summary of operations to the various State agencies the Governor took occasion to speak of the "business" of the State. "I have visualized myself," said the Governor, "as business manager of the State and not as a political boss distributing patronage to his followers."

His unequivocal endorsement of Constitutional reorganization and his criticism of the Legislature of 1921 and 1923 for failure to carry out the mandate of the Constitution in this matter came as a surprise. He urged the present Legislature to reorganization regardless of sectional or personal interests.

From a cook in the French house of which Miss Palmer was chaperon police learned that Bernard had been admitted to the boarding house shortly after 9 a.m. just as Miss Palmer was preparing to go to one of her classes.

His words attracted the attention of a number of co-eds in the house and of the cook, but any alarm by Miss Palmer was lost in the report of three shots. A moment later Miss Palmer was found on the floor with a bullet wound in her arm and abdomen. Bernard was lying a few feet away, dead from a bullet wound in his temple, pistol clutched in his right hand.

While surgeons at the General Hospital fought to save the young woman's life, the police learned from Prof. H. A. Smith, Miss Palmer's chief in the language department, that Bernard had proposed marriage to her.

Legislative authorization to appoint a committee of women to consider needed legislation for human welfare, a measure of necessity for additional support for veterans' aid, and concluded, as he said, "I have visualized myself."

Brewer Racing to Make Bond Good Leaves for East

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Jan. 7.—Edward J. Butler, brewer, of Ellensburg, N. J., barring accident, will win his race against time from Honolulu to New York to prevent forfeiture of \$10,000 bond in a Federal court action. He was charged with the Honolulu early this morning and a few hours later took a fast train for New York, which should land him in New York twenty-four hours before the case is called, which charges conspiracy to violate the prohibition law.

Mr. and Mrs. Butler were voyaging around the world when Butler was notified at Honolulu to defend the action against him.

Germans Launch New Cruiser to be Called Emden

(BY CABLE AND ASSOCIATED PRESS)
BERLIN, Jan. 7.—A new German cruiser was launched at Wilhelmshaven today. She was christened the Emden, after the famous war-time German raider, which sank many British merchantmen in the Indian Ocean before she was sunk by the Australian cruiser Sydney.

The widow of Capt. Karl von Mueller, who commanded the famous raider, was present at the launching. President Ebert sent a message of congratulation.

HOME AS MEMORIAL
(EXCLUSIVE DISPATCH)
ALEXANDRIA (VA.) Jan. 7.—A home for aged Masons in Virginia and their dependents is contemplated by the Grand Lodge of Masons of this State as a memorial to George Washington.

PHYSICIAN'S REPORT
In the stay of execution granted yesterday Judge Cliffe, according to the action against him.

CROWDS SCARE OFF GHOSTS

Purported Wraiths Fail to Appear at Santa Clara
Home When Populace Throngs Vicinity

(EXCLUSIVE DISPATCH)
SANTA CLARA, Jan. 7.—Such crowds of curiosity seekers and thrill hunters gathered tonight at the newly discovered but already famous "ghost house" in Santa Clara that the spooks failed to appear as scheduled and members of the Santos family, hosts to the ghosts, had to guard their doors to keep their home from being rushed by the mob.

Curtains and blinds were tightly drawn in the spook rendezvous, and husky young brothers of the Santos sisters manhandled an enterprising newspaper photographer who tried to take a flashlight of the house. While the crowd of curious milled outside the house, friends of the family emerged to say that the ghosts had been frightened away, and that all possibility of a show was destroyed.

Only two persons in the city saw them—Adeline and John Santos, 13 and 16 years of age respectively. But so startlingly and so punctually have their psychic visitors come to these children that tonight, long before midnight, crowds of persons were already assembling about the Santos home at 1743 Jackson street, Santa Clara.

As on the night before, many of those who congregated came to "pray away" the evil spirits that are said to be besetting the Santos children. They were Portuguese, countrymen of John Santos, the father of the youngsters. But many more came not to exercise their ghost-baiting but to see them—out of plain curiosity.

Exchanges

Opportunities to exchange orange groves for cotton ranches—Income property for country lands—bungalows, apartment houses, flats, etc., for city lots and lands—mountain lands for beach property—are offered from day to day in Southern California's great exchange marketplaces

CHECK TO HAND IN DUE SEASON
But the Letter Was so Long En Route, Account Was Charged Off
(EXCLUSIVE DISPATCH)
BROCKTON (Mass.) Jan. 7.—Several years ago "Bill" Barnes of Brockton sold a Christmas dinner to Mrs. J. E. Skinner. Looking over the account a month or so later and noticing it wasn't paid, he called her on the telephone. She informed him she had sent a check the day after Christmas. Barnes called it an error in book-keeping and let it go at that. This week, when workmen were repairing the pipes at his home, they brought him a letter which proved to be the one carrying the check.

must be concluded that there has been a definite increase in the mortality from cancer in the ten original registration states, and moreover, that this is a real and not an apparent increase, which might be accounted for by better diagnosis, shifting of diagnosis, and change in the age constitution of the population.

While not sounding an alarm over the singular phenomenon of a disease increasing its ravages in face of scientific investigation, the Public Health Service regards the disease as one of the major health problems confronting the nation today. Scientists who halt nothing, not even self-inoculation if necessary, are working steadily on this major problem in the hygienic laboratory of the Public Health Service. It is safe to say that no medical discovery in two decades would be so universally welcomed by the public at large and acclaimed by the medical world as a cure or a preventive for this dreaded ailment.
The position cancer occupies as an invisible enemy is all the more significant because of the enormous success that the health agencies of the nation have had in combating other diseases that took a heavy toll of life. War, constant and aggressive, has practically rid this country of the five great plague diseases—cholera, typhus, yellow fever, bubonic plague and smallpox. There are sporadic outbreaks of the last named, but the toll of life is inconsiderable. They are all under control of accepted medicine and preventives administered by the most militant and vigilant bodies of the United States, the Public Health Service.
MALADY CURABLE
BRITISH SURGEON SAYS
LONDON, Jan. 7.—Sir Berkeley Moynihan, the most famous surgeon in Great Britain, in a lecture address at Leeds University declared that cancer is curable. "It remains a local disease, sometimes short and sometimes long periods, but it is curable," he said, "with operative methods it may be completely and permanently eradicated," he said.
DOUGLAS MAN DIES
(EXCLUSIVE DISPATCH)
DOUGLAS (Ariz.) Jan. 7.—R. E. Hanson, a G-avenue photographer, was stricken by death as he was locking his place for the night. The body was found next day by three young women. Death is believed to have been from heart disease. Hanson leaves relatives in California. He was 35 years of age.

TWO ROPED AS COW RUSTLERS
Rancher Settles on Hill With New-Fangled Spyglass Sees Steer, Which He Believes is His, Sent Across Great Divide; Sneaks Down—Aw, Cuan and Read It
With all these here dang-waggled four-wheeled gas buggies speeded all around town and clutterin' up the asphalt corral and bein' roped by thievins, slick-haired sheikhs what thinks they're leather-necked, 'tain't so often the good old chaw-terrace folks hereabouts gets to readin' a classic piece of litter-churn concernin' cow rustlin'. Anyhow, thar peers to be such floatin' around about the rustlin' of steer up on the Caswell range yesterday.
The story goes that up on the Caswell range, where many's the honest buckaroo what's had his neck stretched for cattle rustlin' when rustlin' was one of the high-est most arts, thar's been a little bit of cow swiggin'. Seems as how R. C. Ralph, one of our leadin' cowmen and what has a mess o' beef on hoof up Gorman way, a m-a-m-i-n' of some of his long horns and he scoots up atop a hill with one of them new-fangled spyglass contraptions to sort of peek about.
Well—as Ralph is a sunn't his self up thar on the hill, he sees a geezer scoot over his fence down on the range and a-draggin' a long loop which he heaves over the fence-mentioned steer's horns and drags him over his own range.
Well—seems as how this Ralph figners that his steer's been sneaked down to the slaughterin' pen, a horse drove five miles over the Malibu afore he was caught and how Ralph's head and neck as ev'rywhere a hemp necktie.
Anyhow, Lockhart says it's his steer as he come by it honestly, but the "fore-mentioned steer" he puts him and Pete in the County Jail for grand larceny.
The rancher reminds me—back in the Sixties I recollect as how Pinto Jasper drove five miles over the Malibu afore he was caught and how Ralph's head and neck as ev'rywhere a hemp necktie.
HEART BALM IS REFUSED TO WOMAN
Judge Rules Grandmother in Petting Parties Not Entitled to \$10,000
"Mature petting parties" was the way Superior Judge Craig characterized the relations of Mrs. Susan Hurkett, mother of eight children and a grandmother, with John Cappelletto, gray-haired musician, yesterday in finding the defendant in the suit for \$10,000 damages for alleged breach of promise brought by Mrs. Hurkett.
Such "petting parties" as Mrs. Craig held, were indulged in by both as "fully sophisticated parties," and entailed no obligation on the part of Cappelletto to wed the plaintiff.
The decision was given after the defendant testified that their romance was of the Venus and Adonis type, with him playing the role of the pursued, instead of the pursuer.
"But I do not love you," he said he protested in reply to her request to marry, and he said he would down the altar of justice of peace-wards. "I like you, but to marry—no."
On many occasions, he testified, Mrs. Hurkett, broached the topic of matrimony more or less directly, but he was ever adamant in his resistance to the idea, according to his story.
In the matter of a lock of hair, he said, he yielded. It was in February, 1923, that she began to "sell" him the idea that a gift of a lock of her hair would be a token of his love. She would next her heart to remind her of me—"would be not only appreciated, but appropriate," according to his testimony. After receiving the lock Mrs. Hurkett insisted that he provide her immediately with a picture of himself on a card, to enhance the lock's commemorative charm.
This Cappelletto did, he said.
"We propose to show that this man was the recipient, not the bestower, of whatever attentions may have resulted in this action," Attorney W. H. Dehn, counsel for Cappelletto, declared during the trial.
SEEK GIRL RUNAWAY IN BAY CITY
Mother and Detectives Push Quert for Fugitive from Local Academy
(EXCLUSIVE DISPATCH)
SAN FRANCISCO, Jan. 7.—Somewhere in San Francisco is Iris Bennett, 15 years of age, a fugitive from Hollywood, and seeking to "make her way in the world" with what is left of \$3 after living two days. The girl, who fled from the exclusive St. Mary's Academy at Los Angeles Monday night, was traced here by her mother, Mrs. Suzanne Bennett, a Hollywood woman, who arrived here today accompanied by private detectives, to make a vigorous search for her daughter.
The missing girl, with a friend, Elsie, climbed over the academy wall at 3 a.m. Monday to seek their fortune alone in San Francisco. The friend, after promising to finance the expedition with a diamond, had enough by morning and went to the home of a girl friend, Iris, not dissuaded by the desertion, sold a toilet set and a watch for \$20, and took a stage to San Francisco. Detectives had little difficulty in tracing her here, where she arrived Tuesday at 7:15, but have not found a trace of her since. Small purchases she made on the way and her carfare reduced her cash fund to \$3.
Mrs. Bennett has been ill at the Bellevue Hotel since her arrival here, due to worry and to an automobile accident in which she was injured while searching the beach titles on the south coast last Monday.
SPOKANE SQUADRON TO HAVE NEW AIRPLANES
(BY A. P. NIGHT WIRE)
SPOKANE (Wash.) Jan. 7.—Capt. A. E. Easterbrook, U.S.A., instructor of the newly organized One Hundred and Sixteenth Observation Squadron of the Washington National Guard here, will leave for San Diego next week, he announced today, and will return with a new model De Havilland plane with a 415-horsepower Liberty motor. He will also arrange for eight Curtiss planes at Rockwell Field, which will be shipped here for use of the National Guard unit.

DOG ENTHUSIAST 'RILES' PATRIOTS
Maine's Eccentric Governor Stirs Hornets' Nest
Half-Masts Statehouse Flag to Honor Canine
Reconsiders Order for State Monument to Pet
(EXCLUSIVE DISPATCH)
AUGUSTA (Me.) Jan. 7.—"Garry," the Irish setter at whose death the State flag was half-staffed at the Capitol a year ago, will not have a monument erected to his memory in State Park. Gov. Percival P. Baxter, whose inseparable companion Garry was through nine years, made this announcement.
An order for the erection of the monument had been passed unanimously by the Governor and his council. Everything was ready for the erection, when certain "well-meaning citizens" made protest. These protests the Governor has heeded.
A year ago the official tribute on the death of Garry caused nationwide discussion. Gov. Baxter gave orders for lowering of the State and national flags at the Statehouse. This demonstration, heretofore only used as a mark of national mourning, caused widespread comment. Citizens wondered what great man was dead. When the cause of the mourning was known many citizens were indignant. Percy H. Ford, State Commander of the American Legion, characterized the act as "ill-advised," and said he was sorry it happened. "That is the flag," he said, "for which my comrades gave their lives, and I must always regard it as a sacred emblem."
One Maine paper began the story: "A dead dog belonging to Gov. Baxter today received honors which could not have been exceeded in the case of a soldier who had given his life for his country. G.A.R. posts and American Legion posts objected."
Gov. Baxter stood by his guns in that case, but now, after the order has been passed, he has withdrawn.
"In deference to the views of these citizens, and not wishing to offend anyone, I gave up my plans," said he, "although they had been unanimously passed by my council."
"It then occurred to me that as hundreds of children visit the Statehouse in the course of the year, and go into the State Museum in the basement, it would be appropriate to have the humane tablet placed there. There can be no objection to that location and it cannot offend the sensibilities of anyone."
"The museum is filled with stuffed animals, such as bears, moose, deer and birds and is an appropriate place for a tablet bearing a humane inscription. The tablet will be of modest proportions, about 20 by 18 inches, and will be placed upon the wall at one end of the museum."
A vacuum cleaner that may be changed into a washing machine for dishes or clothes, by use of an attachment, has been placed on the market.

PRODIGAL COLLIE IN OWN NEST
Weary and Bleary-Eyed Sheep Limp to Master's Door After Long Trek
(EXCLUSIVE DISPATCH)
CEDAR RAPIDS (Iowa.) Jan. 7.—There was great rejoicing in the home of Elmer Young last night because "Shep," Mr. Young's collie dog, which was lost at Des Moines last October, had returned home. Shep arrived in the afternoon, bleary-eyed, weary and limping.
As soon as he saw Mr. Young, Shep put out his paw to shake hands, then collapsed. He was rushed to a veterinarian. The dog was practically nothing but skin and bones. Des Moines is almost 150 miles from Cedar Rapids, and Shep undoubtedly walked all the way. The dog accompanied him to Des Moines in an automobile and hopped out and disappeared while the machine was parked.
Shep is 3 years of age and performs all the tricks a pet dog is supposed to perform. That's why he was greeted by a shout of joy from the neighborhood children when he limped home.
Cost of living of a family of four in Berlin recently estimated to be 21.32 gold marks a week, while the average wage of a metal worker there was 27.44 gold marks a week, less than the family's living cost in 1913.

High Blood Pressure Often Brought On by an Unhealthy Liver

Diseases of heart, kidneys, blood vessels due to body poisons

Medical science knows that poisonous waste in our bodies would actually cause death in a few days if not eliminated by Nature's processes. Because it destroys these deadly poisons, the liver is our most important organ—the body's wonderful purifier.

The liver prevents the formation of body poisons that cause diseases of the heart, kidneys, blood vessels and are chiefly responsible for premature old age.

When the liver becomes weak, the poisons are sucked up by the blood and health is broken down. Physicians know that the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will at once increase the vital life supply. The discovery is purified ox gall.

Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents each.

These genuine ox gall tablets are prepared only under the name "Dioxol." If any tablet is offered you under another name, refuse it. Accept only Dioxol is the original, genuine package.—[Advertisement]

Old Resident Near Death

"I had not eaten food for 10 days and was slowly starving to death. Given up by five doctors, I tried a bottle of May's Wonderful Remedy, which gave relief at once. I am 75 years old and would have died but for your wonderful medicine. The jaundice is all gone and I am gaining appetite and strength every day." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—[Advertisement]

COLORADO PACT CHANCES SCANT

Ratification by Arizonans is
Not Considered Likely

Question May Cause Split at
Legislature's Opening

Introduction of Compromise
Measure Expected

PHOENIX, Jan. 7.—Possibly the Colorado River compact will be the very first matter over which disagreement will be known in the legislature that meets next Monday. In the Senate, it is understood, there would be no question concerning the retention of Mulford Winsor of Yuma as president, were resentment not felt by the administration wing of the Democracy over his attitude on the pact. He and his county want ratification at the earliest possible date. All his opponents for the presidency are classed as administration supporters and as against the administration wing of the Democracy over his attitude on the pact. He and his county want ratification at the earliest possible date. All his opponents for the presidency are classed as administration supporters and as against the administration wing of the Democracy over his attitude on the pact.

COMPROMISE PLAN
Senator W. P. Sims of Cochise county, a legislative veteran who in the last session opposed the compact, will have what he terms a compromise measure. It is that \$50,000 acre feet of the Colorado's flow be reserved for the future use of Nevada and that the balance allotted to the lower basin be equally divided between California and Arizona. He will ask also "recognition of the right of Arizona to tax power development on the river," possibly not including any claim on power that might be developed on the Nevada side of California, since the river Nevada or California consumption. As presented, there would appear to be no consideration of Mexican rights to any flow above that which now may be used on such lands.

What is demanded by the Arizonians who oppose the compact and who support the high-line canal idea is, in effect, that there shall be abrogation of the fundamental reclamation law that priority of appropriation of the waters of a stream for use on land shall be based upon the date of beneficial use. This is the accepted doctrine, first announced from the bench by the late Judge Joseph H. Kibbey of Phoenix, and later sustained in the Western States. Locally, there is claim that it should apply only within State lines and not between inter-State lands. This view is given expression by the claim that Arizona "is being robbed of her heritage" by the reclamation plans of other States which have lands that may be irrigated by a gravity flow from the Colorado.

ADMISSION MADE
Locally, admission is made that the Geological Survey estimates of possible irrigation from the river of 500,000 acres within Arizona are correct if the water shall be taken from such feasible dam sites as those of Boulder or Black Canyon, but there is demand that the Arizona development must be based upon the vision of the high-line scheme, under which rather indefinite claim is made of possible reclamation of 2,500,000 acres, the area reaching down to about the Mexican line and eastward to the center of the southern half of the State.

Representatives of the Army Corps of Engineers, of the Federal Power Commission and of the Reclamation and other bureaus of the Geological Survey have joined in a

ROWDY FEARS MA'S SLIPPER

Texas Youth, Arrested, Begs
Jail Let Mother
Whip Him

SAN ANTONIO (Tex.) Jan. 7.—"Please, Mr. Policeman, look me up, for my mother will whip me when I get home."

This was the plea of a 17-year-old youth at the police station who was under arrest for drunkenness. The mother, accompanied by a bondman, found him in the custody of Desk Sergeant Pollan. He was arrested on Houston street when he and a companion thought it funny to push women off the sidewalk into the street. Sgt. Pollan believed in home rule.

"The requirements of the law have been fulfilled," he told the boy. "You have been given bond. You are free. What your mother does to you is her business. I'll not look you up and I hope you won't start out with a good old-fashioned spanking for you."

report in which is stated: "We consider that this project is inadvisable and not worthy of serious consideration." Doubt is expressed of its feasibility at any cost. Yet, as the local claims on the Colorado's flow mainly are based upon this plan, undoubtedly it will be given much consideration in the legislative session.

While the promoters of the high-line scheme all are members of that faction in Arizona politics that acknowledges Gov. Hunt as leader, the Governor to date appears to have no utterance in its support, though his demands for a larger consideration of Arizona than is given in the compact would indicate appreciation of the fact that some such canal would be built were Arizona to utilize a larger proportion of water than now assumed to be needed by her lands.

GOVERNOR'S STAND
There is expectation that the Governor, in his message to the Legislature, will voice vigorous disapproval of what he repeatedly has termed "the damnable compact," and that his many legislative supporters will take their cue from this. Undoubtedly, suggestion will be made for appointment of a legislative committee to visit the California session, or to meet with a similar committee in Sacramento, this to secure, if possible, a supplementary agreement between the two lower States of the basin much along the line suggested by Senator Sims.

Along the street already is a rumor that proposal will be made in the Legislature that the entire membership junket up to the Colorado River in the head proposed for the high-line canal, that "first-hand information" be secured.

All in all, there is scant likelihood that the Colorado River compact will be ratified in the coming legislative session.

TO OUST SQUATTERS

OKLAHOMA CITY, Jan. 7.—Trespassers on State lands in Northwestern Oklahoma counties may as well pack their duds and move on, for the State Land Commission has authorized Secretary Durant to have them move or execute a rental contract. The lands involved are those that were sold a few years ago to actual settlers, who made one or more payments and then abandoned them. It is said there are several thousand acres of such land in Beaver, Harper and Ellis counties.

COL. FORBES HELD GOOD BARGAINER

Witness Says Veterans'
Bureau Director Sought
Ideal Not Low Bid

CHICAGO, Jan. 7.—Former Director Charles R. Forbes of the Veterans' Bureau, who is on trial in Federal Court with J. W. Thompson charged with plotting to loot the bureau's hospital fund, was described by a defense witness today as a "good bargainer."

The witness was Col. Edward S. Walton, in charge of the building division of the army quartermaster's department, who was on the stand yesterday. In considering construction cost of a hospital, he said, Forbes had no minimum or maximum figure in mind, but an "ideal" figure, the lowest consistent with good results. He had been told by Albert M. Pool, vice-president of the Marine Trust and Savings Bank and vice-president of the Illinois Trust and Savings Bank, New Orleans, La., was called by the defense as another character witness. According to Edward S. Walton, defense counsel, J. probably will require another month to present the case. The trial is now in its eighth week.

URGES CUT IN RAILROAD BOND RATE

Counsel Says Milwaukee
Road Faces Receivership
Without Lower Interest

CHICAGO, Jan. 7.—The Chicago, Milwaukee and St. Paul Railroad faces a receivership by June 1, unless the Federal government comes to its aid by reducing interest charges on government loans according to a statement made to the United States Senate Committee on Interstate Commerce in Washington today by Alfred P. Thom, counsel for the association of railroad bondholders.

Mr. Thom told the Senators the Milwaukee crisis represented an "emergency matter" in view of the fact that the system must take care of an issue of \$48,000,000 in 4 per cent bonds which are approaching maturity. The Milwaukee road has borrowed \$55,000,000 from the government on which it pays 6 per cent interest.

Mr. Thom urged the committee to expedite action on the bill introduced by Senator McLean, Republican of Connecticut, which would authorize the treasury to reduce interest charges on railroad loans to rate not exceeding one-fourth of 1 per cent more than the money cost the government.

Two Deaths Are
Caused by Prick
of Needle, Pin

OKLAHOMA CITY, Jan. 7.—Michael Killen, 50 years of age, a farmer of Oregon, Ill., is dead at Dixon Hospital, the victim of a needle.

Killen was helping a neighbor saw some grain sacks when he ran a needle into his finger, making a slight wound. Infection set in, causing his death.

COONTO (Wia.) Jan. 7.—Blood poisoning resulting from pricking a pimple with a pin caused the death of Raymond Bunker, 17 years of age, at a local hospital.

MILLS CLOSE YEAR
WITH ORDER SPURT

OKLAHOMA CITY, Jan. 7.—Some of the leading flour mills of Oklahoma operated on full time during the last ten days of December to fill orders that previously had been booked and to take care of seasonal new business.

Flour stocks had run low throughout domestic territory and the demand was for new stocks destined to arrive after inventory time on the first of the year. Mills said that nearly all new business in December called for delivery within thirty days.

Because of a lack of European business the flour business in Oklahoma during December was about the same as that of the previous December. Through European and other foreign orders early in the season, 1924 was one of the most prosperous of recent years for millers of the South-west.

BRITISH NAVY CIRCLES
IN FUROR OVER BOOK

LONDON.—(Exclusive Dispatch) The appearance of Admiral Sir Reginald Bacon's book, "The Jutland Scandal," is causing a furor in British naval circles, reviving a most bitter controversy on the question of who was to blame for the great failure of the command of battle cruisers, through inexperience, behaved unskillfully toward Admiral Jellicoe, and led the grand fleet less efficiently than Admiral Jellicoe.

COLD KILLS PEACHES
IN ILLINOIS COUNTY

MT. VERNON (Ill.) Jan. 7.—The 1925 peach crop has been killed in Jefferson county. The zero weather of December is responsible. Peach growers say the crop will be so small this year that it will not be worth mentioning. Careful investigation has been made by the leading fruit growers at Jefferson county, and they are unanimous in agreeing that the peach crop is killed. The mercury registered 13 deg. below zero here the night of December 27.

STORY OF BOGUS BILLS REPORTED

James Gilman, Held at Hilo,
Says He Found Bundle

Marshal Tells of Admission
of Supplying Orientals

Brother Joseph Indicted in
Bay City by Grand Jury

HILO (T. H.) Jan. 7.—James Gilman, arrested here on a charge of passing counterfeit money, told United States Marshal Cox, the latter said, that the bills he and his brother Joseph passed in San Francisco were found by him aboard the steamer Matsushima before he sailed from San Francisco for Hawaii on December 24. Gilman, the marshal says, told him he had picked up a bundle containing \$100,000 of the counterfeit money in 1920 and \$100 bills. Some of the money was so blurred, it is said, that he threw it overboard.

Of the rest, he gave several thousand dollars to his brother and brought a large amount to Hawaii. He admitted that he gave \$45,000 to Pohaku Ahuleni and Benjamin Ahina, who were arrested in Honolulu on the 3rd inst., charged with passing counterfeit bills, part of which was found in a deserted house on the Honolulu water front.

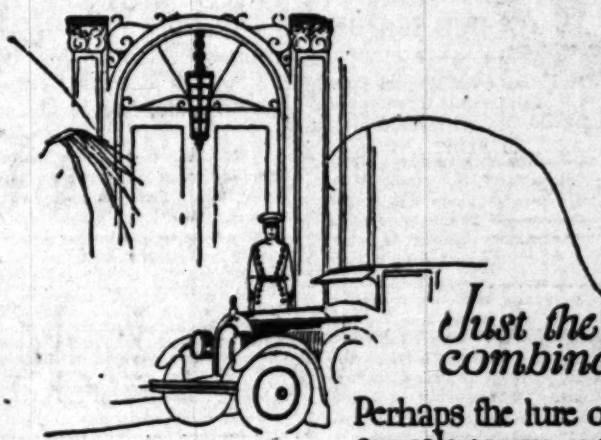

Cox said Gilman has further admitted that he passed bogus bills representing several thousand dollars among orientals in Hawaii, and the \$100 bill which he had when arrested was the last he had.

Cox thinks Gilman's story not improbable, as the bills seem to be part of the product of the plot unearthed in the summer of 1923, in connection with which several Japanese were sentenced to various terms in prison.

Gilman will be taken to Honolulu on Thursday.

Joseph Gilman, brother of James, was indicted by the Federal grand jury in San Francisco yesterday on a charge of passing counterfeit money.

The firm of Raphael Tuck & Sons of London, have made the personal Christmas cards of the British royal family since the days of Queen Victoria.

Just the right
combination.

Perhaps the lure of Hotel service appeals to you, yet the intimate privacy of an individual home outweighs the conveniences of the former.

When you lease an apartment in the Gaylord you find just the combination of the two—neither overbalancing the other, both unsurpassed.

NEUTRODYNE—for Clearness

NEUTRODYNE

has set the standard

A "cellist" on the concert stage is a "cellist" in your living-room, when you have a Neutrodyne Radio Receiver. As vividly as though he were there before you in the flesh. You can feel him draw his bow across the strings, as Schubert's "Serenade" vibrates your very soul.

Without a word of exaggeration; without the slightest stretch of the imagination, the original rendition is brought to you with such fidelity of tone and feeling, you imagine you could reach out and touch the artist if you liked! Such is the marvelous *Tonal Quality* of Neutrodyne.

"Name your station"

Pick your program right out of the newspaper, and the Neutrodyne will pick it right out of the air. Such *Selectivity*! Neutrodyne cuts right through what you don't want, to get exactly what you want. Simply turn the dials at pre-terminated numbers, and in floats the program—provided that station is on the air. And you can get that same station, night after night, at the same dial-setting.

If *Distance* lends enchantment, you need a Neutrodyne. For the Neutrodyne is unexcelled for long-distance reception, no matter how many powerful

local stations stand between. Be assured, if anybody can tune-in anything, anywhere, you can with a Neutrodyne. Summing up, Neutrodyne has everything you want in radio and nothing you don't want—such as cat-calls and other "no noises." Uses either wet or dry batteries, and either outside or inside aerial.

Neutrodyne followed broadcasting

Neutrodyne was developed in 1922, after modern broadcasting was established. The three other major receiving systems were invented *previous* to broadcasting. They were made first for dot-and-dash code (radio telegraphy) and adapted later to broadcasting. Neutrodyne was specifically designed to receive the broadcasting of music and speech. It did not have to be "adapted."

In order to protect the public from fraudulent

Neutrodynes, the Hazeltine Corporation was formed, and Professor Hazeltine entrusted his great idea to just fourteen hand-picked, licensed manufacturers. These fourteen radio builders are grouped into one association, known as the Independent Radio Manufacturers, Incorporated. No other manufacturers may use the genuine Neutrodyne principle! Look for the Neutrodyne label on the set you buy.

Harry Pressler and Charlie Guest Down Duncan and Mitchell in Sensational Final

EAGLE DECIDES MATCH, 2 AND 1

Southern Californians Come from Behind to Win

British Pros Hold Lead at Turn by One Hole

Pressler Plays Brilliantly in Exhibition Affair

A sensational eighteen-hole match with a time-honored finish gave the Southern California combination of Harry Pressler and Charlie Guest a 2 and 1 victory over the famous Duncan and Mitchell team yesterday afternoon at the Hacienda Country Club, the match being one of the most spectacular and hard-fought of any of the exhibitions the British professionals have competed in during their California tour.

After overcoming a three-hole advantage which Duncan and Mitchell held at the seventh hole of the match, Guest and Pressler went to the seventeenth tee 1 up and 3 to go. As Mitchell hooked into the rough, while Duncan sliced badly, both Pressler and Guest being down the middle. Duncan was forty feet from the pin in 3, and electrified the gallery by dropping his putt for a birdie 4. However, Pressler, who had placed his shot thirty feet from the cup with a tremendous second, matched Duncan's feat with one just as brilliant. Led sank his putt for an eagle 2, the hole and match.

After finishing out the course Pressler and Guest had a best ball of 67, while their opponents had a 71. Pressler was the low scorer of the day with an approximate 71. Duncan having a card of 75, and Guest and Mitchell each 77.

The match started out auspiciously for the invading Britons, as they won the first and fourth holes, and took the seventh with a par. The Pressler-Guest combination came to life with victories on the eighth and ninth, leaving the English team 1 up at the turn.

The match was all square on the eleventh after Pressler and Guest had each scored a par, and Duncan and Mitchell went down for the first time following the twelfth, while Pressler and Guest were even once more on the thirteenth with Duncan's victory, but Guest's smashing drive on the fourteenth carried them back to the pin, and he chipped back within easy putting distance for a birdie win. Then the firework described above occurred, and it was all over.

DENY VETERAN A FIGHT PERMIT

(Continued from First Page)

Young, from a blow received at the hands of Jess Willard in the McCarey pavilion at Twenty-sixth and Santa Fe, back in 1913, that sounded the death knell of his professional boxing career in California until the new law went into effect.

Having broken the ice and impressed everyone with his courage and his ability to sock, he was carried by Dick Donald for the latter's second ten-round fracas under the new law.

Donald had a packed house last Saturday, but this week-end he will have a better test of the public's response to the new regime.

Salas is one of the best boys in the state and he has more one and two-round knockouts to his credit than all the rest of the boys in the state combined.

Blake took a good one about one of Salas' early fights at the club. It was against Joe Pimental, a tough-looking Mexican, who had been in the first round, Salas put him away for good.

HOLLYWOOD QUINTET SWAMPS TITLE FIVE

Playing circles around their opponents, the Hollywood Athletic Club basketball team swamped the title insurance team by a 45-25 score at Hollywood last night. The Movie City Club simply walked all over the insurance men, shooting baskets consistently from every angle of the court. Walton, center on the losing side, scored all his team's points, and he was up 30 for Hollywood and White and DeGrasse scored 14 and 13 respectively. The line-ups:

Hollywood—W. Walton, G. DeGrasse, J. White, E. Brown, G. Henderson, G. Williams.

WINNER TO GET TITLE

Tommy Carter and Ace Hudkins Battling for Pacific Coast Lightweight Championship Tomorrow Night

Tommy Carter and Ace Hudkins clash at the Hollywood American Legion Stadium tomorrow night and the winner of the bout will ask the State Boxing Commission for recognition as lightweight champion of the Pacific Coast. Carter holds that title now by virtue of his victory in the recent tournament on by the Legion and he wants to be so known in all other fights. Hudkins, if he wins, wants the spoils that go to the victor.

These two battlers will box under conditions that should give them the recognition they desire. Both Carter and Hudkins are working hard for the bout and are in excellent condition. The Boxing Commission will have a representative at the show who will insure both boxes and let them know that they will tolerate nothing that will be displeasing to the fans and that while the bout is for ten rounds, they will be expected to box in an entertaining manner.

HARD HITTER

Tommy Carter is one of the hardest hitting men in the country with his mighty right. If he succeeds in seeking Ace Hudkins on the butch, this fight will be the sleep of the deep for ten seconds or more.

RABBIT PUNCHES

BY PAUL LOWRY

If Fidel La Barba gets over the Jimmy McLarnin hurdle at tomorrow night's Tuesday night Panchito Villa, the world's flyweight champion, will be requested to make Los Angeles his next port of call.

George La Barba is looking out for the decades of the little whirlwind who won the national amateur flyweight crown at Boston last summer and followed it up by grabbing of the Olympic honors over at Paris last year.

Blake knows Fidel has a tough bout ahead of him on Tuesday, but he is not at all confident in the tiny flash who, in addition to his ring activities, has time to be president of the senior class at Lincoln High School and chief ring leader, and he expects him to get the nod.

Tennis Daily

Daily La Barba hurries into the city from high school to do his ticks at the Newsboys' Club under the eagle eye of Blake, and he seems to be in the very pink of condition. He is choiceful of pep and ginger, and wants to keep on working when Blake calls a halt to the proceedings.

Discounting the stories that Fidel soon will grow out of the flyweight class, Blake yesterday declared that his boy weighs 115 pounds, and that he is a real contender for the title. He points out that three nights in a row at Boston, he and Guest made the flyweight limit and for a week in Paris, indicating that at some time La Barba must have been down to at least 115 pounds.

SALAS GOES FOR FIRST CRACK

Joe Salas goes his first crack over the ten-round route next Saturday night when he tackles Billy Hogan in the main event of the Lyceum card. His first fight under the new professional boxing law was at the L.A.A.C. was at Wilmington, when he won a four-round verdict from a chap named Young.

Having broken the ice and impressed everyone with his courage and his ability to sock, he was carried by Dick Donald for the latter's second ten-round fracas under the new law.

FIGHT BY ROUNDS

When it comes to a row of this kind the main participants are always ready to rush to the ring. The fight is usually the case, one of the main participants is the innocent bystander who is carried on by the crowd and gets less attention. The only side the Times wants to take is the side of the general public, who is the first to get smacked in the nose by the general howling and uproar.

NOTES FROM HOLLYWOOD A. C.

Over 200 spectators have been made for the first fight of the season. The crowd was a good one, and the fight was a good one. The crowd was a good one, and the fight was a good one.

PEBBLE BEACH COURSE RECORD ALMOST TIED

(EXCLUSIVE DISPATCH)

DEL MONTE, Jan. 7.—George Kerrigan of Washington, D.C., formerly of the Virginia Country Club, Long Beach, today shot a 71, over the Pebble Beach course here, coming close to the record held by Dr. Paul M. Hunter and Capt. A. Bullock Webster. Kerrigan played with Dick Linares, Southern California professional champion, and E. E. Combs, and Earl Howell of Long Beach. He will take part in the annual California open championship to be played over the San Francisco Golf and Country Club course next week.

DEMARIST TO PIRATES

(BY A. P. WIRE WIRE) CARLETON DEMARIST (N. J.) Jan. 7.—Harold Demarist, who pitched last season for Williamsport, Pa., has signed a contract with the Pittsburgh Pirates. He is expected to be in the team for the opening of the season.

MISS CAMERON WINS TOURNEY

Finishes Three-Day Event With Wide Margin

Leads Mary Browne by Seven Strokes for Trophy

Mrs. J. F. Horan Carries Off Low Net Honors

Miss Margaret Cameron coasted into a victory in the three-day medal play tournament of the Women's Auxiliary, S.C.G.A., yesterday by negotiating the final eighteen holes of the affair in 95 at the Hillcrest Country Club. This score, together with an 85 at Annadale Monday, and an 88 at Rancho Tuesday, gave her a grand total of 268 for the fifty-four holes, which was seven strokes under her closest competitor.

Miss Cameron's golf yesterday failed to equal the grand she displayed in the first two rounds, as she took twenty-five putts on the last nine holes. However, she led from start to finish, and never being nearer than four strokes throughout the tournament.

Second honors went to Miss Mary K. Browne, runner-up in the national championship last summer, who finished with a 90 yesterday for the second eighteen holes. Dan Jones was third, with 279 strokes.

WALKER WINS OVER MTIGUE

(Continued from First Page)

every step. Rappaport staggered Barrett with a right to the chin in the seventh.

In the eighth round Barrett nailed Rappaport with a sweeping right hand, swinging on the chin and Jack turned a somersault as he hit the floor. He was carried out and had to be carried to his corner.

FIGHT BY ROUNDS

When it comes to a row of this kind the main participants are always ready to rush to the ring. The fight is usually the case, one of the main participants is the innocent bystander who is carried on by the crowd and gets less attention. OBSERVATIONS

AN INNOCENT BYSTANDER, BILL HENRY

Being on the threshold of a new year, a step inside the door, in fact, it behooves us in giving the past great football season a decent burial to say that the one thing which marked the football season of 1924, otherwise the greatest in the history of the sport on the Pacific Slope, was the unfortunate severing of relations between the three major colleges of California. This action not only resulted in the cancellation of the U.S.C. Stanford football game, but in the cancellation of all other inter-collegiate activities between the three schools.

The one thing which we do know is that this severance of relations is a bad thing for the college football game as a whole and an even harder blow to the sporting public of Southern California. The Times is not concerned with the conditions which led to the severance of relations other than his interest in keeping sport clean and wholesome. This paper does not pretend to have the knowledge of the situation or the rights and wrongs on either side, but it is sure that the information has been poured in on us to weight down a hatfield.

TROJAN CAGE SCHEDULE OUT

FLEET SPORTS

The all-fleet track and field meet, originally scheduled for late January, will not be held until next April, it was announced yesterday by Commander E. D. Washburn, Battle Fleet athletic officer, on account of recent developments in gunnery and training schedules. The change in date will also permit participation by the scouting fleet athletes from the Atlantic, the fleet being staged at either San Francisco or in the Hawaiian Islands.

The U.S.C. California basketball five is the only team from the twelve units of the battleship divisions that has yet to meet defeat, having won all five games to date. The squads from the U.S.S. Nevada, U.S.S. Mississippi and U.S.S. Tennessee also look good in the order of mention. The California's hardest struggle will probably be that of the fifth unit, against the Mississippi basketball team at Trona Field.

The elimination finals for the boxing and wrestling championship of Battleship Division Five, scheduled for this week-end between the athletes of the U.S.S. Mississippi and U.S.S. Tennessee, will be held at the U.S.S. West Virginia, between the mittmen of that ship and the U.S.S. Pennsylvania, champions of Division Five and Three, respectively.

Prospects for U.S.C. Quintet Best in Years

Local Basketeers Will Make Trip to Northwest

Plans for the forthcoming basketball season at the University of Southern California were announced yesterday by Gwynn Wilson, graduate manager of the local school, and the Trojan schedule for 1925 was given out. U.S.C. will meet Santa Clara, the University of Arizona, the Utah Athletic Club, and the Hollywood A. C. in their local pavilion, while they will journey north to play Washington, Oregon Aggies and the University of Oregon.

PIONEER TRACK CARD ARRANGED

L. A. High Cinderpath Program is Announced

Six Dual Meets and Harrier Event Scheduled

Romans Will Start Season Next Monday

Six dual meets and a cross-country run comprise the Los Angeles High track schedule this year, according to a statement given out yesterday by Coach Edmund Rich. The Blue and White cinder paths will meet five strong City League teams and Fairfax High in dual meets and will enter a ten-man team in the Occidental College letter party for a few days yet. Rich isn't strong for long track seasons for high school athletes. The pioneer mentor will be pointing his team to be in its best condition for the city meet, April 15.

Track at L. A. will not officially start until next Monday. Candidates for distance positions, who will try out for the cross-country team and Capt. Pitt Rivers and the weight men, have been working out this week, but the sprinters, hurdlers and middle distance men won't show up for a few days yet. Rich isn't strong for long track seasons for high school athletes. The pioneer mentor will be pointing his team to be in its best condition for the city meet, April 15.

PLATT MUSIC CO. GREAT CLEAN-UP PIANO and PLAYER SALE

NO MAIL ORDERS—NO C. O. D.'S—NO TELEPHONE ORDERS

Our Holiday business has been wonderful and during this time a great number of pianos and players were taken in exchange on new players, grands and reproducing pianos. So after careful consideration we have decided to place these exchanged instruments and almost every other new piano or player in our seven stores on sale at prices and terms that will move them quickly. We would like, if possible, to clear our floors, as we have several carloads of instruments coming from the various factories we represent.

Appreciating present conditions and knowing that something radical must be offered in the way of terms as well as prices, we have, therefore, arranged so that anyone can now own a Piano, Grand, Reproducing Piano or Player—only \$10 down and the balance on almost any weekly or monthly payments you desire, within reason. We have included in this great sale a large majority of the new and all used, slightly used and shopworn Grands, Player Pianos and Reproducing Pianos.

TERMS

\$10 Down No More to Pay for 30 Days. Take Long Time to Pay Balance.

SPECIAL EXCHANGE OFFER DESCRIPTION

To show you our confidence in the wonderful bargains we are offering during this great clean-up sale, within one year's time you may exchange the Piano or Player-Plane you purchase for any other Piano or Player-Plane of equal or greater value on our floors, and all payments made on the first instrument will be credited in full against the second.

GUARANTEE Every one of these Pianos and Player-Pianos is fully guaranteed for from one to ten years, according to their age. You are absolutely protected in every way. You are sure to be pleased.

THE PRICES

The figures placed on this splendid list of Pianos and Players are certainly low. Think of it! A used Upright Piano for \$47 and a Used Player for \$147. A new upright for \$219, a new Player for \$333 and a new Grand for \$419. Come and be convinced.

MONEY BACK

Every instrument is fully warranted and guaranteed to be as represented or money refunded without question or argument. Could anything be fairer?

TERMS

What can be easier than \$10 down, no more to pay for 30 days and the balance on almost any weekly or monthly payments you desire within reason? Surely anyone can now enjoy the pleasures of a fine Piano or Player-Plane.

FREE DELIVERY

We will deliver any one of these instruments to you anywhere, and guarantee safe delivery.

SPEED SHOWN BY SENATE

Postoffice, Treasury and Agriculture Supply Bills are Passed Rapidly

(BY A. F. NIGHT WIRE)
WASHINGTON, Jan. 7.—Driving forward at high speed, the Senate today disposed of two more of the routine supply bills, bringing its calendar in that respect practically up to date.
The combined Treasury-Postoffice bill, providing \$742,000,000 for the two departments was disposed of in fifteen minutes, being taken up as soon as the measure appropriating \$125,000,000 for the Agriculture Department had been passed after one hour and twenty-five minutes of discussion. An agreement for a vote tomorrow on Muscle Shoals which broke the deadlock over the Underwood bill enabled the Senate to turn its attention to the supply measures.
Administration leaders recently served notice that continuation of the Muscle Shoals debate would necessitate repeated night sessions and the Senate was held two hours last night to pass the Interior Department bill. After today's record, however, there were no suggestions that another extra

Senate Votes on Muscle Shoals Measure Today

(BY A. F. NIGHT WIRE)
WASHINGTON, Jan. 7.—The Senate will vote at 4 p.m. tomorrow on the Underwood bill, the crux of the Muscle Shoals leasing fight.
An agreement to that effect was reached today after conference between Senator Underwood, Democrat, Alabama, author of the bill, and Chairman Norris of the Agriculture Committee, leading the opposition.
WHEAT ACREAGE GAINS (EXCLUSIVE DISPATCH)
OKLAHOMA CITY, Jan. 7.—Oklahoma has an increase in fall-wheat acreage of 5 per cent over that of 1923, according to an estimate made by Carl H. Robinson, Federal agricultural statistician. He reports that 3,483,000 acres have been planted, compared with 3,485,000 acres planted in the fall of 1923. A larger acreage would have been planted, he believes, had weather conditions been more favorable.

REPORT BELIES CROP FAILURE

(BY A. F. NIGHT WIRE)
SACRAMENTO, Jan. 7.—There is much more optimism reflected in the production and valuation totals of California agriculture for 1924 than the gloomy prospects of early summer indicated, says the annual summary made public today by E. E. Kaufman, Federal statistician.
The total production of field and fruit crops is about 1,934,000 tons or 17 per cent less than in 1923, but the total value for the same crops is less than 1 per cent below the total value of 1923 crops. In 1924, the total value of all main crops was \$568,427,000, while in 1923, the total value of these respective crops was \$570,398,000. Increased prices of farm products are chiefly responsible for this situation. In this summary only the main field and fruit crops are included. No account is made of vegetables, animals and animal products, the report says, continuing:
"An unprecedented drought continued from the autumn of 1923 and endured throughout 1924. Rainfall in most of the valleys of the State was far below normal."

PROFIT-TAKING HALTS ADVANCE

Heavy Offerings Near Close
Brings Decline

Rail Average at Peak of 1917
in Early Trading

Grains Gain on Statement of
Agriculture Chief

NEW YORK, Jan. 7. — Stock prices crumbled again late today under the weight of another large volume of profit-taking sales and heavy selling, but not until nearly fifty issues had eclipsed their 1914 high prices and the general railroad averages had attained the highest peak since 1917. Total sales were slightly in excess of 1,750,000 shares.

A heavy demand for railroad stocks which divided into increases or resumption are expected, developed soon after the opening of the market. Southern Railway touched 32 1/2, the highest price in its history; New York Central crossed 114 to the best price since 1910; Illinois Central common sold above 115 for the first time since 1913; Missouri Pacific touched the highest figure since the reorganization of the company in 1916 at 75 3/4, the Union Pacific sold at 151 7/8, the top price in nearly three years.

However, below their high quotations of the day, New York Central showing a small fractional net loss at 115.

The demand for the railroads, combined with lower money rates and the encouraging tenor of the weekly steel trade reviews, also brought fresh buying into the industrial and public utility issues.

Extreme gains of 4 to 7 1/2 points were recorded by Brooklyn Edison, Mack Trucks, Fisher Body, Adams Express, Federal Light and Traction, Atlantic Refining, Burroughs Adding Machine, the Commercial Solvents issue, Cushman and Son, Detroit Edison, Gulf Mobile and Northern preferred, and S. S. Kresge, but most of them were substantially reduced in the later trading.

West Penn Power broke nearly 1 point on one sale, and net loss of 1 1/2 to 2 points were recorded by about a dozen other issues, including United States Steel, Iron Pipe, American Bosch Magneto, Worthington Pump, Manhattan Electrical Supply and United Fruit.

The grain markets rallied briskly on the statement of the Secretary of Agriculture that comparison with foreign markets indicated that American prices were too low rather than too high. May wheat sold as high as \$1.80 a bushel but reacted slightly from the top on profit-taking.

SLAYER SUSPECT HELD
PHOENIX, Jan. 7. — E. J. Woodson, charged with first-degree murder, has been held under \$10,000 bonds at the preliminary hearing given evidence of his responsibility for the death of Norman McKenna, shot at Woodson's Seventh-street gasoline station on the night of December 29.

WASHINGTON, Jan. 7. — Attorney General Stone announced today he would withhold his consent to the proposal of the American Sugar Refining Company for his modification of the court decree necessary to permit acquisition of the National Sugar Refining Company of New Jersey.

The Attorney General said his investigation had not revealed any change in competitive conditions since the decree was entered in 1921 prohibiting acquisition of the National company's assets by the American concern. He added that under the decree there is reserved to the companies the right to apply to the United States district courts for such a modification based upon a showing of changed conditions so that the question may be judicially determined.

OFFICIALS HOLD OVER IN ARIZONA

Appointive Officials and
Clerks Retained; Changes
in Elective Offices

PHOENIX, Jan. 7. — The New Year has brought little change in personnel of State offices. Gov. Hunt, at the beginning of his fifth term, has announced retention of all former appointive officials and clerks.

The more important positions are: Private secretary, H. S. McCluskey; Adjutant-General, Charles W. Harris; secretary of directors of State Institutions, G. M. Zander; State Engineer, W. C. LeFebvre; State Examiner, F. L. Edinborough; Capitol custodian, A. J. Keen; game warden, O. M. Wilbur; historian, G. H. Kelly; superintendent industrial school, P. C. Merrill; superintendent State hospital, Dr. George W. Stephens; superintendent Pioneers' Home, S. P. Hall; superintendent public health, Dr. P. T. Fahien; veterinarian, Dr. S. E. Jennings; bee inspector, Peter Benson; employment agent, A. J. Doolittle; sealer of weights and measures, R. H. Thellman; superintendent of State prison, R. B. Sims.

Only three changes have been made in State elective offices. Judge Frank Lyman has quit the Supreme bench to enter a Phoenix law firm, and has been succeeded by Judge A. C. Lockwood, formerly a judge of the Superior Court in Cochise county. David Johnson has been elected to the office of State Auditor.

Richard Ramsey has retired from the office of State Auditor to enter business in Phoenix, and has been succeeded by Wayne Hubbs of Mohave county, former State Treasurer. The last office now is filled by Vernon Wright, formerly Treasurer of Maricopa county.

Stone Consent
is Withheld on
Sugar Combine

AFTER LEAVING THE HOSPITAL

Was Weak and Miserable. Lydia E. Pinkham's Vegetable Compound Restored Mrs. Anger's Strength

Lowell, Massachusetts.—"I read about Lydia E. Pinkham's Vegetable Compound in the little book that you send around and I felt very good after I had taken a couple of bottles of it. I had been in the hospital and felt pretty well at first but I soon felt that I was not getting any better and had to lie in bed almost all day. I had dizzy and faint spells, pains in my back and lower parts and was so nervous I could not bear my children around. I hope the Vegetable Compound helps other women as it did me. I do all my own work now and feel so well. I have told my friends about it and my sister and my aunt."—Mrs. OLIVE AUGER, 19 Howard Street, Lowell, Massachusetts.

Over 200,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?" 98 out of every 100 of the replies say "Yes," and because the Vegetable Compound has been helping other women it should help you.

If Ruptured Try This Free

Apply It to Any Rupture, Old or Recent, Large or Small and You are on the Road That Has Convinced Thousands.

Sent Free to Prove This

Anyone ruptured, man, woman or child, should write at once to W. E. Hill, 215-D Main St., Adams, N. Y., for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't hesitate to send for this free trial. Even if your rupture doesn't better free that to the use of wearing supports all your life! Why suffer this nuisance? Why run the risk of gangrene and ruin? Send for a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running about just because their rupture does not hurt but prevent them from getting around. Write at once for this free trial. It is certainly a wonderful thing and has aided in the cure of ruptures that was as big as a man's two fists. Try and write at once, using the coupon below.

LAY LEADERSHIP NEED IS POINTED

Episcopal Secretaries Hold National Convention

Pastor Can't Meet Certain Demands, Speaker Says

Do Away With Antagonism, Plea of Session

(BY A. P. NIGHT WIRE)
CHICAGO, Jan. 7.—On the development of a competent lay leadership depends largely the future success of churches. J. K. Miller, Sioux Falls, S. D., asserted before the national convention of Episcopal secretaries here today. Modern conditions require that the church develop such leadership, he said.

"The time has come when the church cannot progress or even proceed unless it makes use of its laymen in places of leadership," declared Mr. Miller. "Only laymen can meet certain demands of modern civilization, unless it is desirable that ministers become changers of consecrated money and pursuers of things material to supply spiritual needs."

Since the beginning of religion there has existed an antagonism and jealousy between clergy and laymen which still exists to a degree, and which has been the chief drawback to the development of lay leaders, the speaker said. This antagonism is largely a state of mind, he declared, and the modern church must try to eradicate it.

CLEVELAND, Jan. 7.—Rev. Warren L. Rogers, dean of St. Paul's Cathedral, Detroit, today was elected bishop confederate of the Episcopal diocese of Ohio, to succeed Bishop Frank Dumoulin, resigned.

STUDENTS FOUND NOT RELIGIOUS

Professor Says College Youths Are Indifferent to Church Duties

(BY A. P. NIGHT WIRE)
CHICAGO, Jan. 7.—Rev. Rollin Sherrick of Iowa State University declared before the national Lutheran educational conference here today that "the college student has lost religion."

"The college student is indifferent to his church obligations," he said. "Too much work crowds the students' time. Glee club practice, dramatic club rehearsals, football practice, golf and other non-scholastic affairs are taking the students' time on Sunday due to the heavy hours of study and recreation that crowd the students' week days from morning till night."

He added that he had not found the student to be more brilliant than the youth who could not go to school, and said he feared that in these days of specialization we are developing a one-sided student who cannot understand the common things of life that are not dished out to him in the classroom.

Knife Victim is Believed to be Los Angeles Man

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Jan. 7.—The authorities of Colma, a suburb, are endeavoring to complete the identification of a gentle appearing young man known only as "Jacobus Box" of Los Angeles, who staggered into the office of Constable Silvio Landini last night suffering from a number of knife wounds and collapsed as he was about to call a telephone number. His body was taken to the General Hospital at South San Francisco.

A railroad baggage check showed that he came to San Francisco from Los Angeles on the 5th inst. The youth has been unable to make a coherent statement since being taken to the hospital.

TEXAS BANKS IN GOOD CONDITION

(REUTERS DISPATCH)
SAN ANTONIO, Tex., Jan. 7.—A gain of \$1,000,000 in member bank deposits and harvesting of the largest cotton crop since 1912 are the outstanding features of the monthly business review of the Eleventh Federal Reserve District, Dallas.

Business, the review said, developed a slow pace during November, but increased substantially in December. The corresponding period last year. The estimated value of building projects begun in November was less than October but the latter bears a year ago, the report showed.

With a gain in member bank deposits was continued liquidation of bank indebtedness, low interest rates and a strong demand for investments on the part of the banks and individuals.

MORE WED THAN FART
SAN ANTONIO (Tex.) Jan. 7.—There were nearly twice as many marriage licenses issued as there were divorce suits filed in San Antonio during 1924, records of the District and County Clerks show. More than 4,000 marriage licenses were issued by County Clerk Burke in the year, while there were only 1,900 divorces and annulment suits filed.

Fresno Land is Exchanged for Beach Building

(BY A. P. NIGHT WIRE)
FRESNO, Jan. 7.—Exchange of 1,600 acres of Fresno county land near Sanger for the six-story Markwell Building in Long Beach was announced here today by W. D. Mitchell, former Fresno banker, who acquired the building. Mitchell said that the structure was appraised at \$1,715,000. The Fresno county land is used largely for vegetable raising and becomes the property of the Markwell Company, in which Fred T. Frank and Charles Markwell and Everett H. Patterson are stockholders.

Confirmation of reports that an exchange of Markwell Building ownership was pending was given Sunday by E. H. Patterson, resident agent and general manager. The structure faces the Pike at Ocean Boulevard and Pine Way, Long Beach, with a frontage of 135 feet and a depth of 170 feet. It is one of the show places of the city, and houses the State Theatre, several stores and offices, and the Markwell Arcade.

Italian Troops on Egypt Front Worry London

(BY CABLE-REUTERS DISPATCH)
LONDON, Jan. 7.—According to a report in London tonight, the movements of Italian troops on the western front of Egypt are arousing suspicion. The Italian forces, it is stated, are being concentrated west of Sollum. The Italians are credited with the retention of Djirabb. Sollum is on the coast near the strip where Egypt and Tripoli join.

BONDS OFFEREDIssue for \$900,000 to be Used
for North Bay SpanAmerican Beet Sugar Plans
to Buy Other CompaniesA. H. Thomas to Discuss
School Savings at Conference

A Dumbarton Bridge Company \$900,000 issue of first closed mortgage 6 1/2 per cent serial gold bonds, dated January 1, 1925 and priced at 98 1/2, and accrued interest, to provide funds for the construction of a toll bridge across lower San Francisco Bay, three-quarters of a mile northwest of, and parallel to the Southern Pacific Company's railroad bridge over Dumbarton straits, is being offered today by Carstens & Earle, Inc.

The bonds are due serially January 1, 1930, to January 1, 1945, inclusive, and interest is payable January 1 and July 1 at the Mercantile Trust Company of California, San Francisco, without deduction for any normal Federal income tax up to 3 per cent. They are callable as a whole only, except for sinking fund purposes, on sixty days' notice, on any interest date at 105 and accrued interest.

The bridge will connect the western end with the highway near Redwood City and at the eastern end with the highway near Newark, Alameda county. It is over deep water and will consist of steel truss spans, each 216 feet long, carried on ten concrete piers. One span suspended between towers will operate vertically to provide for the passage of vessels, affording an opening 200 feet wide and 115 feet high.

The total cost, approximating \$2,000,000, will be derived in part from the proceeds of the sale of this bond issue, and the balance of \$1,100,000 from the sale of common stock already subscribed.

The bonds will be secured by a first mortgage of upon the bridge, together with all necessary franchises, rights-of-way and War Department permits, and all property which may later be acquired.

The population to be served by the bridge approximates 1,000,000 people, owning more than 220,000 automobiles and trucks. Tolls will be 5 cents for each person, 15 cents for each motorcycle, 25 cents for a trailer, 30 cents for each two-passenger car, 35 cents for a seven-passenger machine, 50 cents for each trailer with a passenger car and various rates for teams and wagons and motor trucks, according to their load.

Approval sought by the American Beet Sugar Company for the purchase of the Northern Sugar Corporation and the Minnesota Sugar Company at a cost of \$4,437,841, and rearrangement of the financial structure of the American company, are scheduled for a special stockholders' meeting called in New York for the 10th inst.

The proposal calls for the authorization of 60,000 shares of 7 per cent cumulative preferred stock of \$100 a share par value and 500,000 shares of common stock without par value. In addition the company will issue \$1,000,000 4 per cent ten-year debentures for funds to buy the two other sugar concerns. Temporary loans have been advanced by banks for the latter purchases.

Local Plan Success
School savings will be one of the important topics of discussion before the regional conference of the American Bankers' Association at San Francisco in February. The formal discussion of the subject will be led by A. H. Thomas, assistant vice-president of the Pacific-Southwest Trust and Savings Bank.

The Los Angeles plan of school savings has produced such results that much favorable comment has been inspired in national banking circles. In California, school savings are the highest in Los Angeles, where \$6,719 pupils have accumulated savings of \$151,492, or a per capita amount of \$10.88. San Francisco has \$2,858 pupils enrolled under the plan having a total of \$340,443, or a per capita amount of \$2.74. The system has been in operation in San Francisco for twelve years and two and one-half years in Los Angeles.

Commercial Board to Poll
Annual election of directors of the Commercial Board of Los Angeles has been called for the 14th inst. The by-laws of the board provide that the polls shall be open between 9 o'clock a.m. and 5 o'clock p.m. Nomination and election of officers will follow.

Dividends Declared
Two dividends, one by the Los Angeles Investment Company and the other by the Midway Northern Oil Company, were announced yesterday. The Los Angeles Investment Company will pay 6 per cent, the regular dividend, on February 15, to stockholders of record on the 15th inst. The Midway Northern Oil Company will pay dividend No. 36 of 1 per cent a month on the 21st inst. to stockholders of record of the 20th inst.

OIL TRADERS ANXIOUS

Shares Lagged While General Market Climbed;
Future Clouded by Uncertainty; Some Hope Felt

BY EARLE E. CROWE

Probably more oil stocks are owned per capita of population in Southern California than in any other section of the country. Aside from the flood of worthless oil shares distributed in the last three years, the holdings of the California petroleum issues listed on the Los Angeles and New York Stock Exchanges total a huge amount. The books of the brokerage houses corroborate this statement, and visible evidence of the wide interest in the oil market is furnished by the volume of Los Angeles orders in days of important activity in the leading California oils.

For this reason, the outlook in the petroleum industry is the dominant topic of discussion in Los Angeles brokerage offices. Most traders are free in their predictions of the probable dividend actions of Pan-American, Associated, Pacific or Standard Oil, but become close-mouthed when the conversation turns to the future of the industry itself. The truth is that the majority of traders are always bulls on the market and hesitate to express bearish views even when the barometer points that way.

AWKWARD SITUATION
From all apparent evidence, the owner of oil stocks is not in an enviable position. Looking back over the course of the market in 1924 doesn't brighten the situation any, and a visualization of the 1925 prospects ends in a haze of uncertainty. The oil trader has a right to be disconsolate. In an ordinary bull market, the oil is a natural speculative favorite and usually leads the parade. But the last year was different, for in the boiling market of the last two months, the general list of stocks swept forward for gains ranging from 5 to 40 or 50 points, while oil shares made little progress as a group.

But the California oils advanced as much as 3 or 4 points from the end of 1923 to the end of 1924, but the majority recorded losses or fractional gains. Associated Oil, at a closing price of 33 3/4, climbed 4 1/2 over the 1923 final market; California Petroleum 4 1/2 to 43 1/4; Shell Union advanced 5 1/2 to 23 3/4; Standard of California lost 1 1/2 to 43 1/4. In other fields, Maclean Oil gained 1 1/2 to 33 1/4; Standard of New Jersey declined 1 1/2 to 46 3/4, and Texas Oil dropped 1 point to 43 1/4.

The industry labored throughout the year under the weight of excess storage supplies of crude and refined products. Production of oil was maintained at a high level, and the price of oil was even advanced in September.

Whether the economic independence of the California companies will permit further advances in crude oil prices in 1925 is the question the buyers of oil stocks will have to answer. It must be remembered, however, that public sentiment is prone to ignore economic facts. It might be difficult in the face of public outcry, to post prices very much higher. If the question of oil stocks is to be maintained stationary.

Phoenix School Bond
Issue bids highest
PHOENIX, Jan. 7.—The best bid ever received locally for 5 per cent bonds was in the sale of \$450,000 of a Phoenix common school issue, which sold at par, with a premium of \$22,515. They went to a syndicate composed of the International Trust Company of Denver, the James N. Wright Company of Denver, the Palmer Bond and Mortgage Company of Salt Lake City and the Harris Trust and Savings Bank of Chicago. Forty-seven bond houses were represented, with the R. E. Campbell Company of Los Angeles second in the bidding. It offered par, plus a premium of \$22,514. The purchase syndicate will pay its own expense of legal examination and will furnish the bond certificates.

Call funds, broadly speaking, are made up of idle working capital of productive and mercantile industries; and during these two weeks such capital is wanted for accomplishing the payment of accounts of mercantile accounts, which are the heaviest of the year. "Presumably, then, not only call and time money, but commercial paper, will soon be quoted lower. How far this decline goes will determine to a large extent the bond prices may respond. If the decline goes far enough, even the stock market may feel its stimulative influence.

"Profits in the meat packing industry have doubtless improved since the midweek market prices have had a sharp rise, which should approximately offset the advance in the cost of meat and bone. But cattle hides and some other by-products have also sharply risen, so that about all branches of the business should now be making money.

"Building materials are in a firm position in spite of the large supplies. Cement prices promise to hold steady, lumber to advance at least into the spring, and both structural and reinforcing steel to rise materially."

RENEWED SALES HIT
FUTURES IN COTTON
NEW YORK, Jan. 7.—The cotton futures hit renewed activity today as renewed selling interest was shown, but losses were not serious, due to the absence of heavy pressure due to no systematic support. After settling some 30 to 35 points, however, the market steadied and final prices were 9 to 10 points above the day's low, but 11 to 20 points below the day's high.

WALL STREET GOSSIP

(BY A. P. HIGHT WIRE)

NEW YORK, Jan. 7.—The dividend of the Texas Company is in no danger of reduction or omission, according to C. E. Larkin, chairman of the board, who said today dividend requirements had been earned in the first eight months of 1924. Bank loans were negligible, he asserted, and the company's cash position was strong. "The oil industry is nearing a position which probably will be very satisfactory. Consumption is increasing. While there is temporary small overproduction of crude, this will soon decrease and production and consumption will then be in equilibrium. The outlook for 1925 points to a good year."

A. K. Merrill, chief accountant of the United States Steel Corporation, has been elected a director of the reorganized Boston-Montana Mining Corporation, formerly the Boston-Montana Company. The new company will take title to the copper mines, railroad and milling properties in Montana on the 15th inst., when operations will be started. Capitalization has been reduced to \$5,000,000, of which \$2,500,000 is held by stockholders.

A seat on the New York Cotton Exchange owned by the estate of G. Elder Adams, was sold for \$10,000 today to Simon J. Shener. The last previous sale was \$29,875.

The Texas Petroleum Company of New Jersey has been organized as a subsidiary of the Texas Company, which operates in Southern California. For the present activities will be confined to drilling on leases in Venezuela, which are owned by the company, and to the operation of other oil fields in the South American countries.

Raising of the Atchafalaya common dividend from \$8 to \$7 annually has engendered hopes of similar action by directors of other railroads—whose current earnings apparently justified increased payment to stockholders. The roads most frequently mentioned include Southern Pacific, Southern Railway and Missouri, Kansas and Texas preferred. In addition, several other roads are in a position to inaugurate dividends on either the common or preferred stock, the list including Texas and Pacific and Colorado and Southern.

The Homestake Mining Company today declared an extra dividend of \$1 a share and the regular monthly disbursement of 60 cents, both payable the 25th inst., to stock of record the 20th inst.

CAPITAL

Are you planning to organize a company? Or have you a stock issue to place?
 Our financing service is for organizations desiring to form and finance companies under the guidance of qualified legal and financial specialists. We are interested in legitimate projects in need of financing. For all propositions are acceptable to our service—every new project cannot succeed by this or any other plan. But if your proposition is meritorious, the Los Angeles office, where we have specialized for 5 years, offers a real opportunity for capital. Whether small or large, before organizing your company or deciding your financing plan, you are invited to consult with us personally.

No. 1 of a Series of Personal Messages from the
 Directors and Governors of Credit Finance Corporation

Getting to the Actual Facts

BY **J. C. SPECHT**

President, Credit Finance Corporation
 President and General Mgr. The California Credit Works,
 Director of National City Bank

A few months ago I was approached by several very successful business men with a request that I join with them in organizing a Credit corporation, for the purpose of assisting local reliable lines of business who had insufficient capital to carry on for their growing needs. The enterprise seemed essentially sound to me, for here in Los Angeles it had an already created demand waiting for it, far beyond the ability of the local banks and finance companies to supply. The formation of a strong directing board was our first problem, and we found that just the plain actual facts concerning Credit Finance, as disclosed by a very careful survey of the business, were sufficient to interest many of the keenest business executives of the city to the point of making substantial investments and accepting the responsibilities of directing the organization's affairs.

A few days ago our corporation opened for business with more capital already subscribed than many other loaning institutions ever have. The officers of the corporation, who represent nearly every basic industry of the city, are pledged with me to give their best in management. Frankly, we expect to make a most satisfying profit on our investments, for the history of this business, coupled with the unusual opportunities existing in a growing community such as Southern California, make it especially attractive; but in addition to this, and of almost equal importance to us, is the opportunity to constructively assist in the development of a larger and stronger industrial and commercial system in this city, which in turn means larger pay-rolls, more population, and a more settled, permanent prosperity.

We are backing this movement with our money and ability, and want the business public of Los Angeles to understand fully the purpose, facts, and aspirations back of the enterprise.

J. C. Specht

A great financier, who seemed to literally turn everything he touched into gold, was once asked what factor he most considered when making his investments. "Facts," was his laconic reply. The actual facts regarding Credit Finance have already won the support of better business. Industry welcomes it, banks endorse it, Chambers of Commerce encourage it, and business men capitalize on it.

BOND QUOTATIONS

Demand Active
 (BY A. P. NIGHT WIRE)

NEW YORK, Jan. 7.—Lower money rates again stimulated bond trading today, although convertible and other semispeculative issues made a better showing than standard investment issues. Slightly higher prices for Liberty bonds reflected the ease of the money situation, but other high-grade obligations failed to attract much of the larger supply of available funds.

In response to a rise in the stocks of the Federal Light and Traction convertible is scored the widest gain of the day, soaring more than 6 points to a new high level at 121 and closing with a net advance of 4 1/4 points. Several other public utility issues, including Standard Gas 6 1/2's and North American Edison 6's improved in line with the stronger tone of utility shares.

American Smelting 6's were aided by the increase in the common dividend to 6 per cent. Oil and sugar issues continued to work moderately higher.

Interest in new financing was increased by reports that another \$50,000,000 loan for Belgium was being discussed and that Denmark might place an authorized \$40,000,000 loan in this market.

Following are today's high, low and closing prices of bonds on the New York Stock Exchange and the bond market in Los Angeles.

NEW YORK CURB

Irregular Trend
 (BY A. P. NIGHT WIRE)

NEW YORK, Jan. 7.—Stock prices bounded upward at the opening of today's curb market, but considerable irregularity developed later as a result of heavy profit-taking in some of the popular utility and radio issues. Rumors of another early increase in Pennsylvania crude prices had a buoyant effect on the oil shares, South Pacific Oil advancing 4 points to 145; Prairie Oil and Gas 1 1/2 to 12 1/2, and some of the prime blue shares climbing 1/2 to 1 1/2.

Following are the closing quotations on the New York Curb Market, furnished by Logan & Bryan, South Spring street.

Financial Securities are Secure

The two prime requisites of an investment are the security and earning power of the principal.

Unless both are established, the investment cannot be good—regardless of the return promised.

We are thoroughly satisfied as to the safety of an investment before the stock is offered to our clients.

We emphasize the earning power possible in Financial Securities—with every dollar invested secured by collateral.

LOS ANGELES EXCHANGE

Trading was in heavy volume yesterday on the Los Angeles Stock Exchange, but prices as a rule were practically unchanged. Marine Corporation, a new stock in the oil list, recorded a further advance in a jump of 4 cents to \$1. Other issues moved in narrow limits. Shell Union was in considerable demand, and advanced 1/4 point to 23. Standard of California dropped the same amount to 22 1/2, while Union Oil Associates was unchanged at 24 3/4. Union of California moved up 1-8 to 27 1-8. Globe Petroleum was active at 3 cents, and Republic Petroleum sold up 1 cent to 7.

Big Jim Consolidated ascended 1 cent to 3. Tom Reed sold at 40 cents, Telluride at 4, Lucky Boy at 1 1/4 and Virginia Louise at 3, up 1/4.

At 9:54, Globe Oats came up ahead 1-4 of a point. A block of eighty-seven shares of Merchants National Bank was taken at 31 3/4.

The stock exchange announced that the sale reported on Tuesday's official sheet of seven shares of First National Bank at 400 was an error. The report should have read "Merchants and Merchants National."

Following are the closing quotations and sales:

NOTICE OF ANNUAL MEETING
To the Shareholders of the Southern California Iron & Steel Company: Notice is hereby given that the annual meeting of the shareholders of the Southern California Iron & Steel Company, will be held at the office of the Company, corner of Randolph Street and Union Pacific Tracks, in the City of Huntington Park, California, on Monday, January 13th, 1925, at 2 o'clock P. M., for the election of Directors and for the transaction of such other business as may properly come before the meeting.

By order of the President,
A. W. ORRICK, Secretary.

The Jewish Orphan's Home of Southern California has admitted the following orphan and half-orphan children into the orphanage during the half year ending December 31st, 1924:

Joseph Garmes, age 13; Maxine Cohen, age 12; Louis Cohen, age 11; Charles Cohen, age 10; William Cohen, age 9; Estelle Cohen, age 8; Abe Greenberg, age 12; Abraham Green, age 10; Gertrude Kessler, age 10; Earl Kessler, age 9; Isabella Kessler, age 8; Alfred Friedlander, age 11; Minnie Friedlander, age 9; S. H. Rosenblatt, age 6; Esther Rosenblatt, age 5; Betty Orum, age 4; Jack Rosenblatt, age 4; Dorothy Schneider, age 11; Arnold Zwielman, age 12; Ruth Zwielman, age 11; Albert Zwielman, age 11; and Sylvia Agin, age 8.

Bulls Resume Purchasing and Grains Advance

(EXCLUSIVE DISPATCH)

CHICAGO, Jan. 7.—Receipts of bullish activity in the wheat market with few covering by shorts more than offset the failure of foreign demand to follow the advance in London, with buying orders for each grain. May sold up to 1.90, or 8 1/2 cents above the low of the previous day and while trading steadily in profit, it turned around toward the low and finished at 1.79 1/2, a net loss of 1 1/2 cents. July was 1.80, a net loss of 1 1/2 cents. September was 1.80, a net loss of 1 1/2 cents.

Corn gains were stronger in sympathy with wheat, corn ending 14 1/2 cents, with May 1.00 1/2, July 1.00 1/2, and September 1.00 1/2. Oats were 9 1/2 cents and rye 20 1/2 cents. Many traders who are bullish at heart and sold out the recent rally and have failed to re-enter the market are showing signs of nervousness owing to the failure of the market to break through a level of several cents above the recent advance, and with few purchases by a local operator showed the market in the pit early, and the advance was easily checked. At 1.80 there was a great deal of profit taking, with a reaction to 1.75 later, but toward the low the general taking covering was not making the final bid.

Report made at the board for the day were estimated at only 200,000 bushels, although late in the day it was estimated at 250,000 bushels. The board of the Chicago Board of Trade, the highest figure on the open, with at Minneapolis the highest figure at 81 cents over May was paid for high grade hard spring. Wheat was bid for high grade hard spring. Wheat was bid for high grade hard spring. Wheat was bid for high grade hard spring.

There was nothing in the general run of news to suggest the possibility of a sharp advance or a decline. The market was largely of a local character, with buying based on the strength in wheat. This was the case with the advance in wheat, which was the case with the advance in wheat.

New Issue
at net 6%

\$525,000

Hotel St. Regis

Los Angeles

First Mortgage 6% Serial Coupon Bonds

[SAFEGUARDED UNDER THE STRAUS PLAN]

Serial Maturities - 2 to 15 years

SECURITY: These bonds constitute a first mortgage on a new twelve-story hotel and store building and on a new one-story store and garage building and on the land on which they are to be built, fronting 155 feet on the south side of Sixth Street and 115 feet on the east side of Wiltner Street, midway between the business center and the Westlake Park district of Los Angeles. The hotel building of 242 hotel rooms and four stores, will occupy the corner fronting 56 feet on Sixth Street and 115 feet on Wiltner Street. The other building fronting 99 feet on Sixth Street, will hold four stores and a commercial garage of 8,000 square feet of floor space. The land and buildings have been appraised at \$848,750.

EARNINGS: The hotel and its restaurant have been leased for twenty years to a very responsible hotel operator and a ready demand exists for the stores and garage. We estimate the net annual earnings of this property at \$70,344, which is nearly two and one-half times the greatest annual interest charge under this bond issue.

Completion of these buildings is unconditionally guaranteed to the bondholders by S. W. Straus & Co.

The bonds are protected by monthly deposits of principal and interest and all other customary safeguards of the STRAUS PLAN. They are exempt from personal property tax in California. Federal income tax 4% is paid by the borrower. We offer these bonds with our unqualified recommendation.

DENOMINATIONS: \$1,000, \$500 and \$100.

PRICE: Par and accrued interest to net 6%.

Good-Will

The potency of Good-Will is measured by its earning power. Earning power is the reflection of Service. When Service merits compensation beyond the current rate of interest on tangible assets it becomes Good-Will.

Good-Will is the personality of business. So long as Faith and Service are maintained Good-Will must grow; it cannot die.

The mark of personality is a great asset. Represented on the Balance Sheet or not, it can and should be periodically appraised on a scientific basis, its contributing factors determined and its value definitely known. There is a well defined method of establishing the material value of Good-Will. It is based on certain facts and figures—carefully defined—accurately estimated.

In the reorganization or sale of a business, or in computing Inheritance Tax, the necessity of determining, accurately, the material value of Good-Will is especially apparent.

 Broadway. Inquiries Welcomed.

[illegible]

Compared with the year's low point of July, 1933, December's output of 56,380 tons, an increase of \$5 7-8 per cent. It is not without interest to observe that in December, 1932, reported a smaller increase, 41 3-8 per cent, over the month of July, 1932. In this respect the comparison still falls short to indicate a spectacular volume of iron production. Last month's output was considerably below the amount of 60,000 tons reported in April, 1934, inclusive, and it was less than in any month of 1933 except December. But today's statement also shows that on the basis of the average for the year, the rate of output was 53,850 tons, against December's daily average of 55,330. This would seem to mean that the average for January will be slightly higher.

Million-Dollar Class A Mercantile Building for Wilshire Boulevard

WORK TO START ON SKYSCRAPER

Deed is Filed for Site on Westmoreland Corner

Deals Now Pending Indicate Huge Building Program

Finest Shopping Street in City is Objective

The first step toward making Wilshire Boulevard the finest shopping street of Los Angeles was taken yesterday when the Western Construction Company announced plans for a Class A mercantile building to cost \$1,000,000, and filed a deed for the site, the Ruben Shettler property at the northwest corner of Wilshire Boulevard and Westmoreland avenue.

In this connection it was also learned that the May Company has purchased the southwest corner of Wilshire Boulevard and Vermont avenue with the intention of erecting a similar building. Other deals are pending which indicate projected building amounting to \$15,000,000 or more, it was reported in realty circles.

The southwest corner of Wilshire Boulevard and Vermont avenue has already been purchased by Bullock's. It was pointed out, and it was declared the Marshall Field interests are in the market for property. It was said also that F. W. Braun had refused an offer of \$800 a front foot for the corner of Benton Way and Wilshire Boulevard.

The Shettler property covers an area of 150 by 150 feet. Mr. Shettler agrees to vacate the property within sixty days, and construction is expected to begin then.

A feature of the new structure will be basement parking for automobiles. The basement will be reached by a ramp twelve feet in width with an entrance on the cross-street, and facilities in the parking space for car washing and other care will be provided. This will enable a woman on a shopping tour to drive her car in and have it cared for while she is making her purchases, or for a man returning from the downtown section to stop to make purchases and park his car off the street. It is expected the City Council will be asked to prohibit street parking in the vicinity.

The site bought by the May Company is 160 feet on Wilshire Boulevard and 150 feet on Vermont ave-

TRAVELER FACES CHARGES

Globe-Trotter Held in Bay City for Investigation as White Slavery Suspect, Long in Police Eye

(Illustration on Picture Page)

"Capt." Walter Wanderwell, world traveler, now held in San Francisco for investigation of charges of white slavery and impersonation of a government officer, is the subject of a voluminous file in Federal office, extending back to 1917, it was learned yesterday when Acting Agent-in-Charge Colvin of the Department of Justice prepared to cooperate with officers in the north city.

Wanderwell, who has admitted that his true name is Valentin Johannes Pleschinski, was in Los Angeles in March, 1921, when the department investigated his entry from Tia Juana on supposedly fraudulently secured passports.

His association with young girls who traveled with him has also been investigated.

One of the charges which may be brought against Wanderwell is the asserted importation of Miss Olivia Hall of Paris, who posed as Wanderwell's sister Aloha. Federal officers in San Diego, Los Angeles, Spokane, Seattle, Albuquerque and El Paso, it is understood, have questioned girls who were traveling in Wanderwell's company, but no formal charge has ever been made against him.

Wanderwell has been on the road in a specially built suite for four years. He says he has visited thirty-nine countries. His wife, Nell, was born in Germany, and he has a daughter, Nell, who is now in Los Angeles on June 20, 1923, when she told of a bet with

him. In constructing his building the May Company is expected also to provide space for basement parking. In fact this arrangement, it is understood, is to be made in all the mercantile buildings to be erected along Wilshire Boulevard.

The new buildings, it is expected, will be set five feet back from the present sidewalk line, making sidewalks twenty feet in width. A Wilshire Boulevard, when widened, will be seventy feet from curb to curb, this will make the street 110 feet from building to building. Wilshire Boulevard is now fifty-six feet wide.

RACE PRIZE SUIT FILED

George Bente, president of the Asot Speedway Association, was made defendant in a suit yesterday by Victor C. Brooms, local racing enthusiast. Brooms, in his suit, demands the payment to him of \$10,000 as the first prize in the tanking race conducted at Asot. He declares that it was his car, driven by Frank Lockhart, boy driver, which won the race.

DEFENSE IN BRANT SUIT HAS STAND

Plaintiff Rests Its Case in Million-Dollar Action in Federal Court

With scores of documents offered in evidence, and with the testimony of more than a dozen witnesses before the court, the plaintiff's case in the \$1,200,000 action brought in Federal Court by E. E. Easton against the O. F. Brant estate and a number of corporations rested yesterday afternoon and the first defense witness was called.

Probably about two weeks' time will be required by Defense Attorney E. E. Easton and J. L. Lewinson to present their side of the issue. Yesterday they declared that scores of witnesses are to be called and the books of several corporations will be offered in evidence. Federal Judge McCormick stated that the case probably will go over to next February following the week-end adjournment.

During the early days of the trial, which has already been under way for a number of weeks, Attorney Millikin created a sensation when in open court during the cross-examination of Easton, he charged that Mr. Brant, who was up to the time of his death in 1921, the vice-president and general manager of the Title Insurance and Trust Company, was kidnapped by Easton early in 1919 and held prisoner for a number of days. According to the questions put to Easton by Attorney Millikin it appeared that the attorney was attempting to prove that Mr. Brant had signed certain documents while being held by Easton and that these documents are now being used by Easton in his efforts to collect from the Brant estate.

Following the cross-examination of Easton, Attorney Millikin stated that he would produce evidence to bear out the charged kidnapping.

SEWING CLUB TO ELECT

Members of the Harmony Sewing Club of the Helen Jean Christie Tent will gather for an all-day meeting today at the home of Mrs. Gertrude Irving, 1429 North Coronado street, during which officers for the ensuing year will be selected.

CHARITY BALL PLANNED

A charity ball will be held at Goldberg-Bosley Hall, Bittern and Flower streets, Friday by The Martha Lee Maternity Home, a newly organized institution. Funds raised from the benefit will be placed in a building fund.

SUBWAY BUILDING ASSURED

Officials of Company Announce Work Will Begin Soon for \$4,000,000 Height-Limit Structure

(Continued from First Page)

Subway Terminal Corporation the northernly 141 feet of its 2111-1100 property, which extends through to Olive street, a depth of 330 feet. By the terms of the sale the Pacific Electric agrees to excavate for and construct a basement and subway station and put in all steel and concrete work up to the 1111-1100 level.

The Pacific Electric is breaking all Pacific Coast records of tunnel construction in its efforts to get the big bore through the hills by next spring. Three shifts, totaling 650 men, being worked by Twoby Brothers, the contractors, in three different locations, are now more than half-way through their labors. They are four months ahead of schedule. From First and Glendale Boulevard the tunnel is being driven eastward and from Figueroa near Fourth it is being driven both eastward and westward. There yet remain 500 feet of stubborn drilling eastward from Flower street.

TO BE DONE IN FALL

While the actual digging of the tunnel project of this big enterprise is expected to be completed in the spring, there will remain the constructing of the Terminal Building, approaches from each end and other facilities which will make completion of the enterprise due early in the coming fall.

During last month a combined total of 780 feet of bore progress was made, or an average of thirty feet daily and placement of concrete lining was maintained at approximately the same pace. Including the open work at either end the total length of the subway will be 5000 feet.

HARTS BEGIN BATTLE TODAY

Suit of Western Film Star's Wife to Re-enter Her Profession Opens in Judge Stephens' Court

The battle of Mrs. Winifred Westover Hart to return to the screen in defiance of her separation agreement with William S. Hart made in May, 1923, is scheduled to begin today in the court of Judge Stephens. It will be bitterly contested, according to appearances.

The suit has been pending since last February. Hart at first demurred to the complaint and filed a general denial when the demurrer was overruled. Trial of the suit was first set for April, next, but was advanced when Mrs. Hart pleaded she wished to re-enter motion pictures and said a quick decision is necessary to enable her to earn her livelihood.

In the separation agreement Hart created two trust funds, one of \$100,000 for the benefit of Mrs. Hart and one of \$100,000 for William S. Hart, Jr., born after the separation. Hart was to receive the income from her fund on condition that she not allow herself to be photographed for screen or advertising purposes or use the name of Hart professionally, and to get the principal in a divorce if he died. Mrs. Hart contends that the agreement was forced upon her, that it is against public policy as putting a premium on divorce and as preventing her from earning a living, and that it is necessary that she go to work, as the fund does not provide for her expenses. She contends she earned \$100 a week in pictures before she read the agreement.

Charles W. Fourt and Ingie Carpenter are attorneys for Mrs. Hart, and Scarborough & Bowen appear for Hart.

WORKMAN DIES IN DIRT CAVE-IN

One workman was buried alive and three others narrowly escaped a similar fate yesterday in a cave-in of a storm-drain trench under excavation at Third and Palms Verdes streets, San Pedro.

The dead man was Miguel Martinez, 30 years of age, of 576 Richmond street, Los Angeles. He fell sixteen feet to the bottom of a trench when boards on which he was standing gave way in the cave-in and was covered by tons of dirt. His body was dug out after half an hour's frantic work by fellow-workmen and members of the fire department. A pullover was used without success. The three other workmen, G. M. Torres, foreman; L. Martinez and C. Muriel, all of Los Angeles, were standing in the bottom of the deep trench when the sides of the ditch gave way. They were saved by falling timbers, which prevented the dirt from covering them entirely.

The body of the dead man was taken to Goodrich undertaking rooms, San Pedro. The workmen were employed by E. E. Green Construction Company, which is doing the excavation of the storm drain.

MANY HUSBANDS MAKE EXCUSES

(Continued from First Page)

to see what kind of show is on at the favorite film house. Monday is the heaviest day of the week, with everybody calling in everybody else and telling what "a swell time we had Sunday."

Checking over their 1,750,000 calls a day, the telephone girls will tell you the popular notion is correct: Men cannot hold a candle to women for long-winded talking.

Cross Between Orient, Occident Teaching Urged

Declaring that both the Orient and the Occident will continue to suffer so long as the educational system of each remains one-sided, Swami Yogananda, teacher and lecturer, in an address before the City Club yesterday told his audience that true education consists of the highest possible development of man as a physical, rational and spiritual being.

Comparing educational systems of America and India, the speaker said that India's tendency to over-emphasize the value of spiritual unfoldment has been partly responsible for famine, oppression and other evils in that country, while America's stressing the importance of relative knowledge, especially in regard to material progress, has resulted in a partial view of life that causes many social and economic problems.

Free lectures on the general theme of methods to be practiced in effecting union between the individual and the divine source of life will be given by Swami Yogananda at the Philharmonic Auditorium on the evenings of the 13th, 14th, 15th, 21st and 22nd inst.

ARE YOU FOR ME 'N GEORGE?
Machine Goes Into
Production Action
Woman Appointed to the
Official Family
Club Women Are Stirred by
Sight to Mrs. McCann
THE WATCHMAN
The Mayor's wife is using his
power to select an
of municipal boards and
commissioners passed the
for me and George?
The Mayor's Secretary
has become apparent
the Mayor's New Year's list
of appointments was issued.
The club women of the city are
opposed over the Mayor's fall
to appoint Mrs. Martha Nelson
McCann to the Park Commission
and appointing to her place
Mrs. L. C. Clouston, a minor but
member of the Mayor's
advisory board.
This was
by the number of
which have received since
the appointment of Clouston
to the park commission.
Mrs. McCann, who ran
a well-known dealer who ran
the board of Education in 1923
and was constantly in the field
of the city's affairs.
The club women of the city, Mrs. John
C. Clouston, president of the Cal
ifornia Federation of Women's
Clubs, said yesterday:
"It is with sincere regret that
I learn that Mayor Croyer has not
reappointed Mrs. Martha Nelson
McCann to the Park Commission."
"Knowing Mrs. McCann's fidelity
to civic interests and the splendid
service she has already rendered
to Los Angeles, I know I voice the
sentiment of the California Fed
eration of Women's Clubs that not
only a woman, but one of such
high ideals as Mrs. McCann should
be retained on this commission."
Mrs. McCann, as a park commis
sioner, has been loyal to the park
department to the upbuilding of
all of the parks and loyal to the
taxpayers who pay for them, but
the Mayor's office wanted Clouston
in the park department for vot
getting purposes and so he was
appointed. The City Council's pub
lic welfare committee yesterday
recommended his confirmation, but
the next Mayor will appoint two
new members of the commission
when he takes office on July 1, as
the board will then be increased
under the new charter to five mem
bers. Mrs. McCann is then likely to
be returned to the board by the
next Mayor, should she desire to
accept the appointment.
BOYS ARE MARCHING
The reappointment to the Public
Security Commission of Dr. E. J. Allen
who is now the financial "angel"
of the Croyer-for-Mayor campaign,
was a natural part of the pro
gram.
Harbor Commissioner Walter E.
Allen, who has kept the harbor
department on a tight rein, he
was appointed to the commission
by the Mayor, is now an important
figure in the Mayor's "kitchen cab
inet," which is working to re-elect
the Mayor by means of the votes
and dollars rounded up by the
15,000 city employees and their
friends whipped into line by Croy
er appointees on boards and commis
sions which conduct the de
partment for which they are em
ployees work. Allen was behind the
first ousting of Acting Harbor En
gineer Louis W. Shaw. While Allen
got John C. Shaw was acting har
bor engineer, Harbor Commissioner
or Malone insisted that, as dis
organization was complete in the
harbor department, both Ludlow
and Shaw should go, and so Allen
took care of Shaw by the Mayor's
appointment to the Board of Public
Utilities to succeed Walter R.
Leeds. The latter got in by
refusing to consider that he had
taken an oath of office to report
every morning for orders to find
out what "Me and George" wanted
done that day in the utilities de
partment. Mr. Leeds had the same
idea that Mrs. McCann had, namely,
that the commissioners were working
for the taxpayers who paid the bills.
Will you get votes and campaign
funds for "Me and George"? That
is the test proposed several months
ago when Kinney, Parrott and Dr.
Harnes decided for the Mayor
that he should be a candidate for
a third term.
FAILS TO PROVE PRESTON'S ALIBI
WOMAN'S ATTEMPT FOIBLE
SO SWEETHEART IS HELD FOR TRIAL
The attempt of Minnie Helken to
establish an alibi for her sweet
heart, James W. Preston, charged
with shooting and seriously wound
ing Mrs. Stella Parsons after break
ing into the latter's home, failed
yesterday and Preston was held
for trial in Superior Court under
\$10,000 bail.
Justice Marchetti, who presided
at the preliminary hearing, re
marked that he didn't particu
larly blame the witness for her
attempt to protect her sweetheart,
but also indicated his belief that
the alibi she had advanced would
not hold water. She had testified
that on October 13, last, at the
time of the shooting, Preston was
with her at a picture show.
Preston, it is charged, forced
his way into the Parsons home,
robbed Mrs. Parsons of a diamond
ring and then shot her in the
back without provocation. He
faced charges of assault to murder,
robbery and burglary.
NURSE FILES CLAIM WITH LABOR BOARD
For her unpaid services as nurse
to Dr. Hawley, 1748 North Bron
son avenue, who she declares, is
a former husband of Wanda Haw
ley, screen actress, Mrs. Clair Hol
dale, filed a claim for \$50 yesterday
against Hawley with the State De
partment of Labor. Mrs. Hol
dale also filed a claim for \$25 against
Mrs. Alva Hunter, who, she said,
is the wife of Glenn Hunter, stage
and screen actor, and lives at 528
South Rampart Boulevard. Mrs.
Hunter asserted that she took care
of Mrs. Hunter's mother, Mrs. Al
fred Miller, during her last illness.

CONTROLS LIONS BUT NOT MATE
Animal Trainer Wife Says
Man Is Too Much for
Her; Asks Divorce
Training lions, tigers and
leopards was child's play to
Mrs. Nellie Roth, but train
ing Louis Roth, her husband,
was more than she could ac
complish. Mrs. Roth so
knowledgeed yesterday in a
divorce suit filed in Superior
Court. The pair were out
last season with the Al G.
Barnes circus and got \$5000
for the season, but Roth col
lected all the money and al
lowed her only \$1 a day, she
complained. She often had
to go without meals, she
said, and could not keep in
the physical condition neces
sary for an animal trainer.
Roth displayed a liking
for wild women as well as
other wild animals, his wife
asserts. Even after they got
back to Venice he kept right
on with extraneous amours,
she says, and this at last led
to their separation yester
day. She lists community
property of \$10,000.
PROTEST SLIGHT
Voicing the sentiment of the
club women of the city, Mrs. John
C. Clouston, president of the Cal
ifornia Federation of Women's
Clubs, said yesterday:
"It is with sincere regret that
I learn that Mayor Croyer has not
reappointed Mrs. Martha Nelson
McCann to the Park Commission."
"Knowing Mrs. McCann's fidelity
to civic interests and the splendid
service she has already rendered
to Los Angeles, I know I voice the
sentiment of the California Fed
eration of Women's Clubs that not
only a woman, but one of such
high ideals as Mrs. McCann should
be retained on this commission."
Mrs. McCann, as a park commis
sioner, has been loyal to the park
department to the upbuilding of
all of the parks and loyal to the
taxpayers who pay for them, but
the Mayor's office wanted Clouston
in the park department for vot
getting purposes and so he was
appointed. The City Council's pub
lic welfare committee yesterday
recommended his confirmation, but
the next Mayor will appoint two
new members of the commission
when he takes office on July 1, as
the board will then be increased
under the new charter to five mem
bers. Mrs. McCann is then likely to
be returned to the board by the
next Mayor, should she desire to
accept the appointment.

This Essex-6-Coach \$895

Freight and Tax Extra

The Finest Essex Ever Built

The easiest driving and riding Essex ever built.
The finest Essex in materials and workmanship ever built.
The smoothest, most reliable Essex ever built.
A car you will take pride in owning.
It is better looking and better arranged.
It gives freedom from tinkering and frequent repair costs.
Its price—\$895—is the lowest at which Essex has ever sold. You cannot get comparable performance and reliability in any other car within hundreds of dollars of its price.

Its Greatest Values Cannot Be Copied

The Chassis Is Patented

No one ever excuses or apologizes for Essex appearance or performance.
It is the car for everyone.
You see it before the entrances of exclusive clubs and at the doorways of the finest homes. You also see it in the hard daily service of business and family.
You will enjoy driving it for the smooth vibrationless performance of its quiet motor. It is so easy to steer and so comfortable to ride in that even over long journeys and rough roads it gives a satisfaction that heavy, costly cars do not provide.
Essex requires little attention to keep it in top condition. It retains its new-like qualities in the quiet, responsive, squeak-and-rattle-free character of its performance.
Surely you cannot be satisfied with anything less than Essex offers. Its cost is but little more than cars of the lowest price.
Two of every three Essex cars are bought by those whose former cars were chosen principally because of their low cost.
No wonder Essex sales lead all in its class.

Short Sickness Proves Fatal to Dr. A. C. Sewall
Dr. C. A. Sewall, 75 years of age, for more than thirty-five years actively engaged in the practice of medicine and surgery in Los Angeles, died yesterday at his home, 1039 Florida street, after an illness of five days.
Dr. Sewall was a native of Philadelphia and was known as one of the oldest graduates of the College of Medicine, University of Pennsylvania. During his lifetime he was associated with many of the most prominent of the local medical profession. The physician was in apparent good health until last Saturday, when he was confined to his home with a heart attack which resulted in his death yesterday.
Dr. Sewall is survived by his widow and two sons, Bashford P. Sewall, connected with the county road department, and Charles V. Sewall of the Western Lithograph Company. He was a member of the City Club and Knights of Pythias. Interment will be in Forest Lawn Cemetery Saturday.
EX-PATROLMAN SEIZED
Charged With Embezzling Bail Deposits Totalling \$35
E. B. Elliott, former police officer at Maywood, charged with embezzlement as a public officer in a complaint issued by Dep. Dist. Atty. Hamner, was arrested yesterday. The complaining witness was H. Belack, a Maywood Trustee and Police Commissioner of the city. He declared Elliott had received two sums of bail, \$20 and \$5, respectively, on December 1, and put the money in his pocket.
Bandit's Voice is Familiar to Woman Robbed
That one of the burglar-bandits had a voice she had heard before, but could not place, was the slender clue offered to Deputy Sheriff yesterday by Mrs. Sydney Herman of 1481 Havenhurst Drive, who with her husband was held up at home early yesterday. The intruders, both armed and masked, got \$500 in jewelry and furs after tying Mr. and Mrs. Herman and gagging the latter with a handkerchief.
The burglars were in the dark when the Hermans returned and turned on a light which made them visible, the Hermans told Deputy Sheriff Monteleone and Neighbors. After tying Mrs. Herman's feet to a chair and her hands behind her, the intruders placed a handkerchief in her mouth and threw her husband's overcoat over her as a further precaution against her screaming. Evidently they did not worry about Herman's shouts as they merely tied him.
Deputy Sheriff Jones and Higgins investigated two burglaries yesterday in the same general neighborhood, in each of which the intruders apparently were in search of narcotics and whisky. The premises entered were the Mel Stewart pharmacy at 3109 Santa Monica Boulevard and the Carmel Pharmacy at 3228 Santa Monica Boulevard. In each place the burglars broke open the safe and liquor cases but found them empty and in each they stole a small amount of cash, cigars and cigarettes.
RABBI TO LECTURE
"The Scientific Mind—Do We Appreciate It?" is the subject of a free lecture to be given by Rabbi E. F. Marglin tomorrow evening at the Temple B'nai Brith. Next Saturday morning Dr. Marglin will speak on "Studies in Judaism."
Clever Forgery Scheme Laid to Two Prisoners
The ability of Jose Alvarez and Gabriel Perez to write undecipherable names in the manner often affected by financiers and wealthy business men made their worthless checks remarkably easy of passing, according to testimony yesterday in Justice Blake's court.
The asserted forgery was held for trial in Superior Court under \$10,000 bail each. A third defendant, Carlos Cavalaj, will have his preliminary hearing in the same court today.
The three suspects were declared by the prosecution to be master forgers. They are said to have passed more than 100 forged checks on grocers. The checks, according to testimony, were taken by the suspects from the Wholesale Radio Electric Company, which filed out with illegible names to give them "bills" and finally stamped with check protectors. Several scores of blank checks and a veritable storehouse of groceries were found in the suspects' home at the time of their arrest, detectives said.
MRS. EDDY WILL SPEAK
Mrs. Sherwood Eddy, wife of Sherwood Eddy, well known Y.M.C.A. worker amongst college students of many countries, will address the meeting of the Young Women's Christian Association of the University of Southern California this afternoon at 5 o'clock in the women's building on the campus. The Wednesday afternoon meeting was omitted so that women of the campus may greet Mrs. Eddy this afternoon. Mr. Eddy will give the second of two assembly addresses before students of this university this morning at 10 o'clock.

Break Ground for National Biscuit Company's \$1,500,000 Plant Here

Another Industry Strikes Roots Here. In the presence of Chamber of Commerce officials and others interested, ground breaking ceremonies for National Biscuit Company's \$1,500,000 plant at Mateo and Industrial streets were conducted yesterday. (Times photo.)

Bootleg King's Slayer. Irving Denton, who says he shot George Turner in self defense at Santa Barbara. (Times photo.)

In Court. Eloise Clement, who sent Michael Degnan to prison, testified yesterday against O. M. Ward, charged with perjury. (Times photo.)

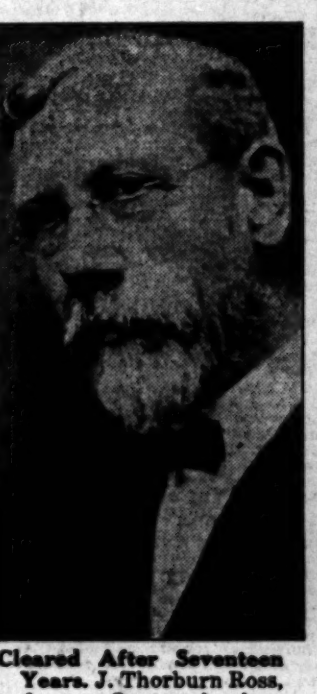

World Touring Spy Faces Federal Charges. V. J. Piczynski, known as "Walter Wanderwell," with girl who posed as his sister and with whom he world by auto, are under arrest in San Francisco. He was investigated in 1917. (P. & A. photo.)

Wife Slaying Suspect Believed Insane. J. Warren Hahne (left), Omaha contractor, held in connection with death of wife (right), whose body was found in basement of their home with twelve gashes in head. He is believed to be unbalanced. (Telephoto copyright 1925 by P. & A.)

Oh, Look, Girls! Here's Jobyna Ralston with a Peter Pan hat, the newest note in millinery.

Cleared After Seventeen Years. J. Thorburn Ross, former Oregon banker, cleared in bank failure case after lengthy fight. (P. & A. photo.)

Bandit Car Driver. Ruth Bush, 20, charged with driving automobile for bandits who robbed Cleveland bank. (P. & A. photo.)

Oil Station Dummy Guards Water. Filling station near Stockton uses a uniformed dummy to keep water hose off ground. (P. & A. photo.)

Bullet Doesn't Bother. Wilbur Geren, 12, of Oakwood, O., has bullet between lobes of brain, but it doesn't trouble him. (P. & A. photo.)

To Wed Count. Mrs. Virginia T. Glass, of Evanston, Ill., who is to marry Count Furstenberg of Austria. (P. & A. photo.)

King Honors Actress. Ellen Terry, famous actress, recently received highest honor bestowed by King George. (P. & A. photo.)

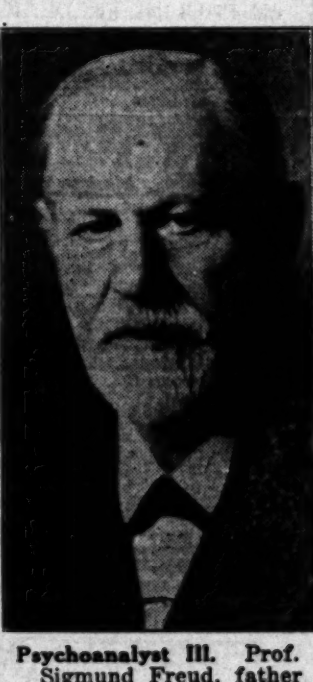

One month's accumulation of all confiscated liquor, valued at \$25,000, was poured down the sewer yesterday at the University Police Station under the supervision of Police Judge Caryl M. Sheldon. Judge Sheldon said there had been 6100 convictions on Wright Act charges in his court during the year 1924 and that fines amounting to \$451,813.78 were collected. (Times photo.)

Foggy Marsh Marries ex-Guardsman. Actress who sued Marshall Field for her son, shown with her, was wed in London to Capt. Keld Robert Fenwick, relative of British nobility and ex-guardsman. (P. & A. photo.)

Fame Crowns Southern California Singer. Larry Tibbetts, baritone, who "stopped the show" at Metropolitan Operahouse, New York, with his wife, a Los Angeles girl, and their two children. (P. & A. photo.)

Psychoanalyst Ill. Prof. Sigmund Freud, father of psychoanalysis, reported ill at his home in Germany. (P. & A. photo.)
